THE following Resolution recorded by the Lieutenant-Governor of Bengal in the Financial Department is published for general information :—

FINANCE.

Calcutta, the 25th May 1880.

RESOLUTION.

READ—

The Civil Budget Estimates of the Government of Bengal for the year 1880-81, and the orders of the Government of India thereupon (No. 1417, dated 25th March 1880).

The incorporation in the Imperial estimates of the detailed figures of Provincial Services and of certain Local Funds has now been completely and finally effected. It is more convenient therefore to review in this Annual Resolution the estimates of the local Government as a whole, in the form in which they are presented by the Accountant-General, and discussed by the Government of India, distinguishing, however, those items which affect the Provincial balance, and determining as closely as may be the actual state of that balance at the present time. The nature of the changes made in the accounts, and in the classification of minor items under the orders of the Government of India, it is not necessary to explain at length; but the present opportunity will be taken to note once for all the general character of the receipts and charges which are now grouped under each of the major heads of the estimate. It is to be noted that the Government of India in the Financial Department does not consider itself bound to adopt the estimates of the local Government, even under those services which are entirely Provincial; nor, on the other hand, is the local Government bound to accept any modified figures adopted by the Government of India. But as the Financial Department had, when drawing up its revised estimates for 1879-80, the actual figures of ten months before it, the Lieutenant-Governor has in several instances preferred to accept the estimates of the Government of India for that year. In some few instances also the estimates for 1880-81 seem to call for re-consideration.

2. The statement annexed shows the actual receipts and disbursements,—Imperial, Provincial, and Local,—for 1878-79: the regular estimates as framed by the Government of India in the Financial Department, and the same estimates as accepted by the local Government; and the estimates for 1880-81 as first estimated by this Government, as revised by the Financial Department, and as now finally accepted by the Lieutenant-Governor. It will be understood that in the local columns are shown only the transactions of Incorporated Local Funds. There are many local funds which are excluded from the accounts of the Empire altogether, and do not affect these estimates.

REVENUES.

3.—I. *Land Revenue.*—None of these receipts are Provincial. They are either Imperial or Local. The former class consists of the Ordinary Land Revenue; the proceeds of the sale of Government estates; rents of resumed police service lands and service commutations; sale proceeds of waste lands and redemption of land tax; and miscellaneous land revenue receipts. The percentage on the revenue from Government estates which is allowed by the Government of India to be treated as an Estates Improvement Fund is, with other miscellaneous assets of that Fund, shown separately as 'Local' in the accounts and statements. The question of abolishing this fund is now under consideration; and, if that is done, the whole of the receipts under Land Revenue will become Imperial. The figures of the Financial Department do not differ from those of the local Government under this head. The estimates show improved collections from Government estates, and reduced receipts from the sale of Government estates and of waste lands.

4.—III. *Forests.*—The forest revenues are entirely *Imperial.* The Financial Department's figures are therefore accepted under this head in the regular

estimate. The local and financial estimates for 1880-81 agree, and show probable receipts amounting to Rs. 5,70,000 against an actual income of Rs. 4,16,000 in 1878-79. This is an improving branch of revenue, and might probably with advantage be made over to the financial management of the local Government.

5.—IV. *Excise on spirits and drugs.*—This branch of revenue is entirely under Provincial management. The actual receipts were in 1878-79 Rs. 70,28,000, of which Rs 65,00,000 were due to the Imperial Treasury under the existing Provincial contract, the balance representing the profit of the local Government. For 1879-80 the original estimate was Rs. 73,00,000. But the year has not been so prosperous as was anticipated, the continued high prices of food having interfered with the expenditure of the lower classes upon luxuries. The Government of India now estimates the receipts of the year at Rs 70,30,000, or nearly the same figure as in 1878-79. The actual receipts up to the close of February were Rs. 64,62,000, against Rs. 64,19,000 at the close of February 1879; so that the Financial Department's estimate may probably be accepted with safety. The payment to the Imperial Treasury grows by one lakh of rupees annually, and for 1879-80 amounts to Rs. 66,00,000, leaving (say) Rs. 4,30,000 as the profit of the local Government. For 1880-81 the local Government estimated the receipts at Rs. 69,00,000 This has been raised by the Government of India to Rs. 70,30,000. On the whole the Lieutenant-Governor is now disposed to think that the first estimate was too low. He is willing to accept the amended figures. The payment to the Imperial Treasury in 1880-81 will be Rs. 67,00,000.

6.—V. *Assessed Taxes.*—In 1878-79 the actual receipts from the License Tax were Rs. 20,19,000, of which Rs. 2,98,000 were classed as *Provincial*, and the rest as *Imperial*. The actual cost of collection was Rs. 2,79,000; the difference between this sum and that shown as Provincial receipts, viz. Rs. 19,000, represents the amount charged as refunds. For 1879-80 the proceeds of the tax are estimated by the Financial Department at Rs. 25,50,000, of which Rs. 3,50,000 are entered as the share of the Provincial Government. The cost of collection being estimated to be Rs. 1,96,000, this would leave available for refunds a sum of Rs. 1,54,000 only. In fact, however, the actual cost of establishment in 1879-80 has been Rs. 1,94,112, and the refunds have been Rs. 2,79,376, or Rs. 4,73,488 altogether; so that the loss to Provincial Services on the estimates has been Rs. 1,23,488. It was not intended by the Government of India that any actual loss to the local Government should be caused by the working of the License Tax, and an application will therefore be made to that Government to recredit the excess charge. For 1880-81 it is very difficult to frame any estimate under the altered conditions of the License Tax Act. The Finance Department takes Rs. 15,00,000 as the total, and again shows Rs. 3,50,000 as the Provincial share; but its estimate of the cost of collection (Rs. 76,000) is far below the mark. The Lieutenant-Governor has already sanctioned establishments estimated to cost nearly Rs. 1,30,000, and that figure should be entered in the estimate of expenditure. The Lieutenant-Governor is willing to make over to the Government of India all receipts in excess of Rs. 3,50,000, and to pay the cost of collecting establishments, and of refunds whatever it may be. The Government of India will be asked if these proposals will be accepted.

7.—VI. *Provincial Rates.*—This head covers two classes of items, all being of the character of rates or cesses on lands—

A.—Provincial, viz.—

(1)—The Public Works Cess collections.
(2)—The rates levied for the cost of the general management of Wards' and Attached Estates.

B.—Local—

(1)—District Road Fund.
(2)—District Road Account.
(3)—Zemindari Dak Cess.
(4)—Recoveries of Road and Public Works Cesses from tenants in Government estates (credited under "Estates Improvement Fund.")

8. The receipts from the Public Works Cess were in 1878-79 Rs. 35,68,823, from Wards' rate Rs. 70,867, making a total in round numbers of Rs. 36,40,000. For 1879-80 the receipts are now estimated to be in all Rs. 35,50,000. For 1880-81 the Public Works Cess is expected to yield Rs. 33,28,000, and the Wards' rate Rs 49,000, or Rs. 33,77,000 altogether. The Public Works Cess loses by the abandonment of the tax on houses, and the Wards' rate by the release of the Paikparah and Durbhunga estates. The general rate on Wards' and Attached Estates was kept as a separate fund until the close of the year 1878-79, and this fund had then a balance of Rs. 46,279, which is now merged in the general Provincial Balance. The Board of Revenue will in future see that the receipts on this account are so adjusted as to cover the disbursements and leave only a nominal margin. It is not intended to make this rate a source of revenue to the State; and the balance above referred to would not have accrued had the income of the fund been properly regulated. It is of course impossible now to distribute or refund the money as it had accumulated in long course of years, and cannot be traced with certainty to the contributions of particular estates. The receipts from Public Works Cess now fall short of the payments due to the Government of India on account of interest on Productive Public Works within the Province.

9. The District Road Fund under Act X (B.C.) of 1871 was credited in 1878-79 with Rs. 33,47,439, of which Rs. 18,219 came from the old One per cent. Road Cess still realized in a few places. The estimate for 1880-81 is Rs. 33,02,800.

10. The District Road Account is mainly composed of contributions from Provincial Funds to districts in which no Road Cess is levied. These contributions are not entered under this head of the estimates, and the only item of receipt here shown is the proceeds in the districts in question of the One per cent. Cess.

11. The other items under Provincial Rates (Local) call for no special notice.

12. The Financial Department rightly reduces the local figures by deducting from both sides of the account, to avoid double entry, figures representing (as the Accountant-General explains) the amount of the Road Cess and Public Works Cess paid by Government as Zemindar from the Estates Improvement Fund, and afterwards recovered from its undertenants. In the Financial Department's Resolution No. 1417 of the 25th March "the charges for the management of Government Estates" are said to be so deducted. This is not, it would seem, altogether correct. The Accountant-General will see that the correct figures are eliminated. For the purposes of this Resolution the amounts are immaterial

13.—VII. *Customs.*—The bulk of the Customs Revenue is Imperial, and the Financial Department's figures must be accepted. The only *Provincial* items under this head are Warehouse and Wharf Rents; Fees for Registration of Cargo-boats in Chittagong; and certain other miscellaneous items. These were made over to the local Government for an annual payment of Rs. 36,000. They brought in Rs. 89,800 in 1878-79, and are estimated to give Rs. 77,000 in 1879-80 and Rs. 63,000 in 1880-81.

14.—VIII. *Salt.*—The revenue from salt is also Imperial. The Provincial receipts consist only of 'Rents of warehouses,' 'Fines and forfeitures,' and "Miscellaneous" assigned to the local Government for a yearly sum of Rs. 2,20,000. The yield has been far short of that sum in 1878-79, amounting to only Rs. 1,24,000. For 1879-80 it is estimated at Rs. 90,000, and for 1880-81 at Rs. 1,18,000. The cause of the loss to the local Government lies in the fact that bonding of salt has become the exception instead of being as formerly the rule.

15.—IX. *Opium.*—The opium revenue is entirely *Imperial.* The estimate of the local Government for 1880-81 was based on sale of 56,400 chests at an average price of Rs. 1,050 per chest. The estimate of price has been raised by the Government of India with reference to the results of later sales.

16.—X. *Stamps.*—This is the most important branch of Provincial revenue. It was made over to the local Government in conjunction with the receipts from Law and Justice for an annual payment in 1877-78 of Rs. 1,05,75,000, to rise by 2¼ lakhs per annum. Of this, 2⅓ lakhs were expected to come

from stamps alone. The sum to be made good therefore under stamps in 1878-79 was Rs. 1,01,00,000. The actual receipts were Rs. 1,07,85,000, which gave the local Government a profit of Rs. 6,85,000. In 1879-80 it has to pay to the Government of India under Stamps Rs. 1,03,50,000. The first regular local estimate for that year was Rs. 1,12,00,000, raised by the Government of India to Rs. 1,15,70,000. The actual receipts to the end of February 1880 have been Rs. 1,04,16,000 as against Rs. 97,85,000 at the corresponding period in 1878-79: so that there is every prospect of the Financial Department's estimate being realized. For 1880-81 the local Government estimated only Rs. 1,11,00,000, while it has to pay over the sum of Rs. 1,06,00,000. The Government of India has raised this estimate to Rs. 1,15,00,000. If the year proves fairly prosperous, there is no good reason why that sum should not be realized. But as it is undesirable to make an over-estimate in one of the principal sources of revenue, the Lieutenant-Governor prefers to take Rs. 1,12,00,000 as the estimate for the year.

17.—XI. *Registration.*—The registration receipts were hitherto in the Imperial estimates classed under Law and Justice, but this department has been under Provincial management since 1871-72, and it has now been made a separate major head in the estimates. The receipts have been steadily growing for some years past. In 1878-79 they were Rs. 9,89,181. In 1879-80 they were expected to be Rs. 10,44,000, and the local estimate for 1880-81 is Rs. 11,00,000.* These figures and those in the statement embrace also revenue record-room receipts and land registration fees transferred from *Miscellaneous*. The local figures are retained by the Lieutenant-Governor.

	Rs
In 1878-79—	
Registration proper .	8,69,834
Record-room receipts .	89,353
Land registration receipts	29,994
	9,89,181
In 1879-80—	
Registration proper	9,20,000
Record-room receipts	95,000
Land registration receipts	29,000
	10,44,000
In 1880-81—	
Registration proper .	10,00,000
Record-room receipts	84,000
Land registration receipts	16,000
	11,00,000

18.—XIII. *Post Office.*—Under this heading in the Bengal estimates are entered merely the miscellaneous receipts of the Zemindari Dâk Fund which is, as already noted, treated as *Local*.

19.—XV. *Minor Departments.*—The following items under this head are Provincial—

(1.) Emigration fees under Act VII of 1871.
(2.) Examination fees for native civil service (blank).
(3.) Receipts from model farms, &c. (blank).
(4.) Botanical Garden receipts.
(5.) Cinchona plantation receipts.

The Inland Labour Transport fees under Bengal Act VII of 1873 are treated as an incorporated *local* fund. The Provincial receipts were in 1878-79 Rs. 1,25,454. In 1879-80 they are estimated at Rs. 1,21,000; and for 1880-81 at Rs. 1,59,000 owing to increased sales of cinchona alkaloids. The Inland Labour Transport Fund receipts average about 1½ lakhs annually.

20.—XVI. *Law and Justice.*—This heading is entirely Provincial. It covers—

1. Sale-proceeds of unclaimed and escheated property.
2. Court-fees realized in cash.
3. General fees, fines, and forfeitures.
4. Miscellaneous.
5. Jail receipts.
6. Pleadership examination fees.

The actual receipts in 1878-79 were Rs. 16,46,000. For 1879-80 they are estimated by the local Government at Rs. 16,81,000, raised by the Financial Department to Rs. 17,81,000. For 1880-81 the estimate is Rs. 19,81,000. The Lieutenant-Governor prefers to adhere to the local figures in the regular estimate. The first four items shown above were made over to the local Government in 1877-78, and the payment to the Imperial Treasury on account of them in 1878-79 was Rs. 7,50,000. Their actual yield was Rs. 10,35,696. The payment in 1879-80 is Rs. 7,75,000; the estimated yield Rs. 10,15,000. The payment in 1880-81 is Rs. 8,00,000; the estimated yield Rs. 10,14,000.

The local Government expects a large increase of receipts under the head of Jail manufactures in the course of the next few years.

21.—XVII. *Police.*—The Provincial section of this head comprises not merely payments for police supplied to public departments and private persons, superannuation receipts, recoveries on account of village police, and other purely police items, but also under recent orders the receipts from pounds and from steam-boiler inspection fees. A *local* section has also been opened for certain fees, fines, and forfeitures under Incorporated Local Funds, but the entries are nominal. The total Provincial receipts were in 1878-79 Rs. 4,31,762, expected to rise to Rs. 4,60,000 in 1879-80, and taken at Rs. 4,57,000 for 1880-81.

22.—XVIII. *Marine.*—This head is partly Imperial and partly Provincial. It is only necessary here to take account of the latter items which are registration and other fees, pilotage receipts, and miscellaneous petty receipts. In 1878-79 they were Rs. 11,76,486; for 1879-80 they are estimated to be Rs. 10,94,000, and in 1880-81, Rs. 11,73,000. The local Government has to make good to the Imperial Treasury Rs. 10,84,000 under this head. No receipts are entered under *Imperial* for 1880-81, as they have been transferred from the estimate of the Bengal Government to that of the Government of India.

23.—XIX. *Education.*—These receipts are entirely Provincial. The falling off in the figures for 1879-80 and 1880-81 is due to a decrease in the "Contribution from Native States and private persons," and in "Miscellaneous" receipts.

24.—XX. *Medical.*—These receipts are also Provincial. They comprise Medical College fees, Hospital and Lunatic Asylum receipts, Proceeds of sale of medicines by Civil Surgeons, and Miscellaneous. The decrease shown in the table is caused partly by a reduction in the number of pupils in medical schools and by diminished sales of quinine, but chiefly by the fact that in 1879-80 credit was taken for arrear contributions due from the Calcutta Municipality for the Sealdah Hospital.

25.—XXI. *Stationery and Printing.*—This also is a Provincial heading. The receipts may probably be increased if due care is taken by the Superintendent of Stationery and by the Accountant-General to see that all local funds, municipalities, and the like are made to pay for stationery taken from Government stores. The Board of Revenue will be asked to issue orders to secure that these charges are regularly made.

26.—XXII. *Interest.*—These receipts are mainly Imperial, representing chiefly interest on loans and advances to public bodies, native states, or individuals. The only Provincial items are the interest on Government securities held for medical or educational purposes.

27.—XXIII. *Superannuations.*—Receipts in aid of Superannuation, Retired, and Compassionate Allowances, are entirely Imperial.

28.—XXIV. *Miscellaneous.*—Under this heading the following items are Imperial, viz. premium on bills, unclaimed bills of exchange, and sales of durbar presents. The Provincial items have been subject to considerable modification of late, but they now comprise unclaimed deposits, gain by exchange on Provincial transactions, sale of old stores and material, rents from staging bungalows on Provincial roads, circuit-house rents, other rents, miscellaneous fees, fines, and forfeitures, and a large number of miscellaneous receipts not elsewhere classified. Under the head of *Local* are shown rents credited to the District Road Funds and Accounts, and fees, fines, &c., belonging to those funds. The differences between the figures shown in the statement are caused only by adjusting transfers to suit the most recent classification adopted by the Government of India.

29.—XXV. *State Railways.*—This head is entirely Provincial. The receipts for 1878-79 were Rs. 17,53,000. The regular estimate for 1879-80 is taken at Rs. 24,00,000, and for 1880-81 the receipts are estimated at Rs. 27,25,000.

It is now expected that the actual receipts for 1879-80 will be not less than Rs. 25,10,000, but as that figure has not yet been certified by the Account Department, the regular estimate is allowed to stand.

30.—XXVI *Irrigation and Navigation.*—The receipts from embankments maintained by Imperial funds are the only items shown as Imperial under this head. The Provincial items are (1) the tolls on the Nuddea rivers and Calcutta

and Eastern Canals; and (2) the receipts of the Irrigation Department proper. Under the *Local* heading are shown receipts from tolls on certain canals maintained by District Road Funds. The tolls on rivers and canals (Provincial) brought in Rs. 6,75,564 in 1878-79, and were expected to yield Rs. 7,82,000 in 1879-80. There has, however, been a serious falling off in the receipts, as to which the Board of Revenue must be asked for explanation. The regular estimate is now only Rs. 6,97,500, and the estimate for 1880-81 Rs. 6,79,000. The receipts from the Orissa, Midnapore, Hidgellee Tidal, and Sone Canals, amounted in 1878-79 to Rs. 8,51,133. The regular estimate for 1879-80 shows Rs. 10,67,000, and the estimate for 1880-81 Rs. 11,66,000 from this source. Better results were hoped for, especially from the Sone Canals, but the rainfall of last year was very abundant and the demand for canal water was affected. It is, however, confidently expected that, under the system of giving leases of the water for a term of years which is now being introduced, the revenue will develop rapidly. The Sarun Project is expected to yield a revenue of Rs. 10,000 in 1880-81; so that the total receipts under Irrigation and Navigation for that year are estimated to be Rs. 18,55,000.

31.—XXVII. *Other Public Works.*—These are the *Provincial* Public Works receipts from ferries, rents, and miscellaneous. Under *Local* would be shown the receipts of the District Road Funds from the same sources, but the columns are blank at present.

32.—XXVIII. *Provincial and Local deficit.*—This is merely an adjusting head between the Imperial and Provincial accounts.

33.—XXX. *Gain by exchange on transactions with London.*—This is an Imperial heading. The figures shown in the Bengal estimates are those relating to remittances for the Nawab Nazim of Bengal and Seamen's Money Orders.

34. The *contributions* from Provincial to Local Funds appear under the Local column of receipts. The actual amount so given was in 1878-79 Rs. 1,93,000. In 1879-80 the Government of India have shown Rs. 93,000 on this account in the regular estimate; but the true amount of sanctioned contributions is Rs. 2,35,000. For 1880-81 only Rs. 93,000, representing the ordinary annual contribution to the Road Funds of certain districts and the cost of collecting Public Works Cess, have been entered. It is probable, however, that further grants may be made in the course of the year, and the Lieutenant-Governor would wish to set apart at least one lakh of rupees on that account The figure of 5,000 shown as a contribution to Provincial Funds in 1880-81 represents payments made by the "District Road Fund" and "District Road Account," for services rendered by the Executive officers of the Public Works Department in supervising district works. It is made up thus:—

	Rs.
District Road Fund	3,602
Do. do. Account	1,507
Total ...	5,109

Under the orders of the Government of India in the Financial Department, No. 1856, dated 10th December 1879, sums given from Provincial Funds for expenditure on Productive Public Works must be treated as a contribution from the Provincial to the Imperial Government. Rs. 3,15,000 given by this Government in 1879-80 towards the construction of the Patna and Gya Railway, is shown therefore as an Imperial receipt under the head of Contributions.

35. The *Provincial allotment* is the amount which has to be paid by the Supreme Government to enable the local Government to carry on the Provincial Services upon the terms of the contracts made in 1871-72 and 1877-78. In the original estimates for 1880-81 the local Government reduced the allotment by 20 lakhs on account of the special contribution it had agreed to give to the Government of India in that year, The Government of India now takes this contribution in two instalments, and shows it separately as a disbursement.

EXPENDITURE.

36.—1. *Interest on debt incurred for Productive Public Works.*—This is the interest charge upon capital expended in State Railways and Canals which the local Government has to make good. The accounts stand briefly thus, as given by the Accountant-General, Public Works Department :—

	Actual outlay to end of 1878-79.	Regular estimate, 1879-80.	Estimate, 1880-81.
	Rs.	Rs.	Rs.
Irrigation	4,81,84,920	22,50,000	14,00,000
Railways	2,76,57,805	19,65,905	10,00,000
	7,58,42,725	42,15,905	24,00,000
Interest on outlay of year at 2½ per cent.	2,07,094	94,858	54,000
To end of previous year at 4½ per cent.	29,98,733	34,12,922	36,02,638
Total ...	32,05,827	35,07,780	36,56,638

The foregoing figures do not include money spent from Provincial Funds on which no interest is payable, nor does it include the capital cost of the Calcutta and South-Eastern Railway. The sums given from Provincial Funds are :—

Under Irrigation—

	To end of 1878-79.	In 1879-80.
	Rs.	Rs.
Canal plantations	13,507	.....
Sarun and Jagooly schemes	2,69,190	2,60,000*
Under Railways—		
Patna and Gya line	.....	3,15,000
Railway Surveys	93,768	89,260*
Total ...	3,76,465	6,64,260

The interest figures given above differ slightly from those shown in the civil accounts for 1878-79, and in the estimate of the Financial Department for 1880-81; but they are reported by the Accountant-General, Public Works Department, to be the correct amounts, and may be adopted for 1880-81. The Civil Accountant-General's figure for 1878-79 must stand until it is adjusted in communication with the Public Works Department Accounts Branch.

37.—2. *Interest on Service Funds and other accounts.*—This heading is entirely Imperial, and the figures of the Financial Department must be followed.

38.—3. *Refunds and Drawbacks.*—These are classified under Imperial, Provincial, and Local, according to the revenues which they affect. The sums dealt with under this head grow as the revenues grow.

39.—4. *Land Revenue.*—The charges for revenue surveys, land settlement, and malikana are Imperial. In 1877-78 the charges for Collectors' and Deputy Commissioners' establishments, and those on account of land revenue collection, were made over to the local Government with a grant of Rs. 22,62,000. The expenditure on these accounts in 1878-79 was Rs. 22,54,000, and is estimated to be somewhat less in 1879-80 and 1880-81. The following items have since been brought together under this head :—Charges for management of Government estates, sub-divisional establishments, rents, rates, and taxes on Revenue Department buildings, petty construction and repair of the same. The total outlay in 1878-79 was Rs. 25,43,311. In 1879-80 it is now expected to be Rs. 25,04,000 (omitting land registration charges), and for 1880-81 the estimate is Rs. 24,70,000. The figures of the Financial Department given in the statement seem to include land registration charges which in the accounts for 1878-79 were apparently transferred to Registration. The financial figures will be accepted as including that charge, which is to remain under this heading.

* No interest is payable on these sums, because the works have not been sanctioned as Provincialized Productive Public Works. They have accordingly been entered under the respective service heads and not under "Contribution" to Imperial under which the remaining sum of Rs. 3,15,000, spent on a sanctioned productive work, has been shown.

40.—5. *Forests.*—This Department being Imperial, the Financial Department's figures may be accepted.

41.—6. *Excise.*—The grant to the Provincial Government for collecting the excise revenue is Rs. 2,92,000. The actual charges in 1878-79 were Rs. 2,82,810. They are expected to be Rs. 2,60,000 in 1879-80, and Rs. 2,70,000 in 1880-81.

42.—7. *Assessed taxes.*—The estimate for 1880-81 must be raised, as already noted, to Rs. 1,30,000, or at any rate expenditure to that amount must be admitted by the Accountant-General.

43.—8. *Provincial Rates.*—This heading in the Provincial section covers the charges of collecting the Public Works Cess, and in the local section the cost of administering the following funds :—

(*a.*) District Road Fund.
(*b.*) District Road Account.
(*c.*) Estates Improvement Fund.

The charges against the rate levied for the general management of wards and other estates are shown under "Administration," and of the Zemindari Dâk Cess under "Post Office."

44. The cost of collecting the Public Works Cess in 1878-79 amounted to Rs. 12,923; but from the beginning of 1879-80 an annual payment of Rs. 46,800 to the District Road Committees has been sanctioned on this account, and is shown under the adjusting head "Contribution from Provincial Services." No entry therefore appears against this heading of Provincial rates for the years 1879-80 and 1880-81.

45. In the "Local" section the Government of India has, as above noticed, deducted the amount of Road and Public Works Cess in Government Estates from both sides of the account to avoid a double entry. The Financial Department's figures are accepted by the Lieutenant-Governor. The other items do not call for special notice.

46.—9. *Customs.*—The grant to Provincial Government for Sea Customs Establishment is Rs. 6,93,000. The actual expenditure in 1878-79 was Rs. 6,99,170. The regular estimate for 1879-80 is Rs. 6,92,000, and the estimate for 1880-81 is Rs. 7,11,000. It ought, however, now to be possible to make some savings under this head, especially in Calcutta, and the Revenue Department of this office will be invited to consider the matter.

47.—10. *Salt.*—Under this head the charges on account of Preventive Establishment were reserved as Imperial, and the rest made over to Provincial control with an annual grant of Rs. 40,800. The actual Provincial expenditure in 1878-79 amounted to Rs. 47,903, which included the cost of the salt preventive establishment in Orissa. But the cost of this establishment was afterwards made Imperial, and the total expenditure in 1879-80 is expected to be Rs. 30,000, and in 1880-81 Rs. 34,000. The cost of preventive establishment in Behar, which was hitherto shown in the Imperial section of the Bengal account, has now been transferred to the Inland Customs Department, North-Western Provinces.

48.—11. *Opium.*—The expenditure under this head is entirely Imperial. The figures of the Financial Department will be followed.

49.—12. *Stamps.*—The Imperial grant for the collection of stamp revenue is Rs. 2,38,000. The actual expenditure in 1878-79 was Rs. 2,50,895. In 1879-80 it is expected to be Rs. 2,62,000, and in 1880-81 Rs. 2,64,000. The increased expenditure is due to the discount on increased sales of stamps.

50.—13. *Registration.*—As stated above the Registration Department was hitherto classed under Law and Justice and is now made a separate major head. Apparently it is intended to include under it all expenditure of the Registration Department, and the revenue record-room charges. The actual expenditure under all these heads in 1878-79, plus the land registration charges now shown under Land Revenue, amounted to Rs. 5,95,832; it is expected to rise in 1879-80 to Rs. 6,03,000, and in 1880-81 to Rs. 6,29,000. The figures of the Financial Department for 1879-80 and 1880-81 given in the statement do not include the land registration charges and will be adopted.

51.—15. *Post Office.*—Under this head are entered only the zemindari dâk charges which are treated as 'Local.'

52.—17. *Administration.*—Under this head the charges on account of "Civil Offices of Account and Audit," "Currency Department," and "Allowances to Presidency Banks" are reserved as Imperial. In 1877-78 the following charges were made over to the local Government with an annual grant of Rs. 12,61,000:—

(1) Salary of Lieutenant-Governor.
(2) Staff and household of Lieutenant-Governor.
(3) Tour expenses.
(4) Legislative Council.
(5) Civil Secretariat.
(6) Board of Revenue.
(7) Commissioners.
(8) Provincial establishments in Office of Account and Audit.

The expenditure on these accounts in 1878-79 was Rs. 14,08,632, and is estimated to be somewhat less in 1879-80 and 1880-81. The charges for the management of wards and other estates are also now included under this head. The total outlay in 1878-79 was Rs. 14,77,060, the regular estimate for 1879-80 is Rs. 14,53,000, and the local estimate for 1880-81 is Rs. 14,24,000. The Financial Department has increased the estimate for 1879-80 by Rs. 17,000 and for 1880-81 by Rs. 29,000 on account of Secretariat and Commissioners' establishments having a tendency to exceed estimates, chiefly through acting appointments and leave allowances, and to meet part of the cost of the new appointment of Auditor of Local Funds Accounts. The figures of the Financial Department will be adopted.

53.—18. *Minor Departments.*—The following Provincial charges are included under this head:—

Examination.
Emigration.
Cinchona plantations.
Donations to scientific societies.
Public exhibitions and fairs.
Model farms.
Botanical and other public gardens.
Provincial statistics.
Registration of railway traffic.
Registration of river-borne traffic.
Provincial museum.
Rents and rates and taxes and petty construction and repairs of meteorological and other buildings.

The charges on account of Meteorological and Archæological Departments and inter-provincial traffic registration are treated as Imperial, and charges of the Inland Labour Transport Fund as Local.

54. The actual Provincial expenditure in 1878-79 was Rs. 2,45,356. The regular estimate for 1879-80 is Rs. 2,62,000, and the local estimate for 1880-81 is Rs. 3,26,000, which has been reduced by the Financial Department to Rs. 2,76,000, Rs. 50,000 provided for the cinchona factory being transferred to grant 34, "Other Public Works."

55. The charges of the Inland Labour Transport Fund, excluding medical and public works charges, which are entered under their respective service heads, average about Rs. 56,000. The grant for 1880-81 was fixed by this Government at Rs. 58,000. The Government of India has retained the original figure of the Accountant-General, Rs. 56,000; and, as the difference is trifling, the figure of the Financial Department may stand.

56.—19. *Law and Justice.*—The only item reserved as Imperial under "Law and Justice" is the charge for "Law officers." The following Provincial charges are included under this head:—

(1) High Court Judges.
(2) High Court Appellate Branch.
(3) Ditto Original ditto.
(4) Coroner's Court.
(5) Justices of the Peace.
(6) Civil and Sessions Court.

(7) Courts of Small Causes.
(8) Criminal Courts.
(9) Jails.
(10) Pleadership examination charges.
(11) Sub-divisional establishments.
(12) Rents, rates and taxes of judicial buildings.

The first eight items were made over to the local Government in 1877-78 with an annual grant of Rs. 62,97,000. In 1878-79 the expenditure amounted to Rs. 63,50,473; in 1879-80 it is expected to be Rs. 63,72,500, and in 1880-81 Rs. 63,57,000. Items 9, 11, and 12 were made Provincial in 1871-72, and are incorporated with this head to suit the Imperial classification. Pleadership examination charges were also included under this head on the amalgamation of the reserve funds with Provincial Services. The total outlay in 1878-79 under all the heads was Rs. 83,19,014. The regular estimate for 1879-80 is Rs. 83,61,000, and the estimate for 1880-81 originally stood at Rs. 84,99,000; but a supplementary grant of Rs. 13,000 has afterwards been made, and the grant will stand at Rs. 85,12,000. The increase is chiefly under item (9) Jails.

57.—20. *Police.*—The actual expenditure under this head in 1878-79 was Rs. 40,23,670. The regular estimate for 1879-80 is Rs. 39,75,000, and the original local estimate for 1880-81 was Rs 40,59,000. Subsequently additional grants aggregating Rs. 10,572 were sanctioned for (*a*) accoutrements and camp equipage; (*b*) good conduct money for the Chittagong Hill Tracts Police; and (*c*) Provincial Railway Police charges. The estimate of the Financial Department includes the grant of Rs. 5,000 for (*a*) accoutrements and camp equipage. The grants for (*b*) and (*c*) were made too late to be added to the estimate. The estimate as now finally adopted will stand at Rs. 40,70,000.

58.—21. *Marine.*—This head hitherto comprised both Imperial and Provincial charges, but it now includes only Provincial items, the total grant for which is Rs. 11,38,243. The actual expenditure in 1878-79 amounted to Rs. 12,37,262, the regular estimate for 1879-80 is Rs. 10,77,000, and the original estimate for 1880-81, which has been adopted by the Financial Department, is Rs. 11,91,000. A grant of Rs. 8,000 was subsequently made for coppering the floating light-vessel *Meteor*, which will be added in the final estimate.

59.—22. *Education.*—The items included under this head are Provincial, except the grant-in-aid from the Estates Improvement Fund which is treated as "Local." The actual Provincial expenditure in 1878-79 amounted to Rs. 24,88,089, and the regular estimate for 1879-80 is Rs. 24,45,000. The original local estimate for 1880-81 was Rs. 25,53,000, but the Financial Department has reduced it to Rs. 25,26,000. But as increased expenditure is anticipated under Government schools and colleges, the Lieutenant-Governor would retain the original estimate and add to it the supplementary grants aggregating Rs. 11,500 made for the new technical school and the Saraswati Sumaj at Dacca. The total grant will accordingly stand in round numbers at Rs. 25,65,000.

60.—23. *Ecclesiastical.*—The charges included under this head are mainly Imperial; Cemetery establishment only is Provincial. The expenditure on this account averages about Rs. 9,000 a year.

61.—24. *Medical.*—The Imperial items under this head comprise mainly the salaries of surgeons and uncovenanted medical officers. The Provincial items are—

(1) Salary of the Surgeon-General and his establishments.
(2) Vaccination.
(3) Medical schools and colleges.
(4) Hospitals and dispensaries.
(5) Lunatic Asylums.
(6) Sanitary Commissioner.
(7) Chemical Examiner.
(8) Grants for medical purposes.
(9) Purchase of European publications.

The local items are grants from the Estates Improvement Fund and the Inland Labour Transport Fund for hospitals and dispensaries.

62. The actual Provincial expenditure in 1878-79 was Rs. 12,30,980, and the local estimate for 1880-81 was Rs. 12,32,000; but the Government of India has reduced it by Rs. 25,000, probably with reference to the figures of the regular estimate for 1879-80 which amount to Rs. 11,90,000. But as increased expenditure under Vaccination and some other heads is anticipated, the original local estimate will stand. The grants under "Imperial" and "Local" do not call for any special notice.

63—25. *Stationery and Printing.*—The cost of "Establishment of the Stationery Office" and of "Stationery purchased in the country" is Imperial. The actual cost of such stationery in 1878-79 amounted to Rs. 1,33,728. The local regular estimate for 1879-80 was Rs. 2,85,000, which has been raised by the Government of India to Rs. 5,35,000. A provision of Rs. 12,91,000 has been made by the Financial Department on this account for 1880-81, as almost all stationery supplies are in future to be purchased in the country. The Imperial grant to the Provincial Government for stamps and stationery supplied from central stores is Rs. 4,48,000, but the expenditure came up to Rs. 5,95,616 in 1878-79, and is expected to be Rs. 6,34,000 in 1879-80 and Rs. 6,41,000 in 1880-81. The other Provincial charges included under this head are "Government presses," "Printing at private presses," "Rents, Rates and Taxes" of Printing Department buildings, and "Cost of stationery purchased in the country," that is to say, the stationery bought by Government offices in certain departments direct in the local markets, and which was formerly included under service heads. The total Provincial outlay in 1878-79 was Rs. 9,52,087, expected to rise in 1879-80 to Rs. 9,75,000, and estimated at Rs. 9,77,000 for 1880-81.

The figures under "Local" represent merely the printing expenses of the incorporated local funds.

64.—26. *Political*; 27. *Allowances*; 28. *Civil furlough and absentee allowances*; and 29. *Superannuations*—are generally all heads of Imperial charges and do not call for special notice. There is a small entry under local funds for superannuation gratuities and pensions.

65.—30. *Miscellaneous.*—The Imperial items are charges for remittance of treasure and other charges of a miscellaneous character. The Provincial items are—

(1) Travelling allowances to covenanted and uncovenanted officers attending examinations.
(2) Rewards for proficiency in Oriental languages, and allowances to Language Examination Committee.
(3) Special Commissions of Enquiry.
(4) Allowances to Civil Servants out of employ.
(5) Donations for charitable purposes.
(6) Rewards for the destruction of wild animals.
(7) Cost of books and publications.
(8) Charges on account of European vagrants.
(9) Circuit-house establishments.
(10) Rents, rates, and taxes of buildings not provided under other heads.
(11) Miscellaneous and other unforeseen charges.
(12) Staging bungalow charges.

The figures under "Local" represent the cost of petty establishments, petty construction and repairs, and other contingencies of Serais as well as miscellaneous and unforeseen charges of District Road Funds and District Road Accounts.

The actual Provincial expenditure in 1878-79, excluding staging bungalow charges, which were hitherto included under Public Works Ordinary, amounted to Rs. 2,82,000; the Imperial expenditure under this head was Rs. 40,000, and Local, Rs. 30,000: total Rs. 3,52,000. The difference between the original local figures and those adopted by the Financial Department for 1879-80 and 1880-81 is mainly due to the inclusion by the latter of the charges on account of staging bungalows transferred to this head. The Government of India has also increased the regular estimate for 1879-80 by Rs. 6,000, and the estimate for 1880-81 by Rs. 5,000, on account of increase under remittance charges. The figures of the Financial Department will be adopted.

66.—31. *Famine Relief.*—The heading is blank for 1879-80 and 1880-81.

67.—32. *Railways.*—The actual working expenses of railways in Bengal was in 1878-79 Rs. 13,46,998; they are expected to rise to Rs. 19,75,000 in 1879-80, and will probably amount to Rs. 17,90,000 in 1880-81. The figures of 1878-79 and 1879-80 include expenditure on surveys which are Provincial. Excluding the expenditure on surveys, the figures will be Rs. 12,52,966 for 1878-79, Rs. 18,85,000 for 1879-80, and Rs. 17,90,000 for 1880-81. Setting these expenses against the receipts of the Railways shown under XXV, State Railways, the net earnings to Government have been Rs. 5,00,134 in 1878-79; they are expected in 1879-80 to be Rs. 5,15,000 (and may probably be more), and in 1880-81 Rs. 9,35,000. The total capital outlay to end of 1878-79 on these Railways (excepting the Calcutta and South-Eastern State Railway) amounted, as shown above, to Rs. 2,76,57,805, and will probably come up to Rs. 2,99,38,710* by the end of 1879-80, and Rs. 3,09,38,710 at the close of the current financial year. The net earnings of these Railways, excluding those of the Calcutta and South-Eastern State Railway, for the three years stand at Rs. 3,57,561, Rs. 4,75,000, and Rs. 8,95,000; so that the capital laid out on them actually brought in 1·2 per cent. in 1878-79, will probably bring in 1·5 per cent. in 1879-80, and 2·8 per cent. in 1880-81.

* This includes an expenditure of Rs 3,15,000 paid from Provincial Funds on the Patna and Gya Railway.

68.—33. *Irrigation and Navigation.*—The expenditure on Government embankments and works for the improvement of Government Estates is the only item shown as Imperial under this head. The Provincial items are the charges of the Nuddea Rivers and Calcutta and Eastern Canals, outlay on agricultural and other works, and the charges of the Irrigation Department proper. The total Provincial expenditure in 1878-79 amounted to Rs. 15,20,000. In 1879-80 it is expected to be Rs. 20,86,000. For 1880-81 the grant was originally fixed at Rs. 21,60,000; but an addition of Rs. 2,50,000 has subsequently been made to it for expenditure on the Jagooty Project out of the supplementary grant of Rs. 12,00,000 placed at the disposal of the Public Works Department. The grant will accordingly stand at Rs. 24,10,000. The working expenses of Orissa, Midnapore, Hidgellee Tidal and Sone Canals amounted in 1878-79 to Rs. 8,05,610. The regular estimate for 1879-80 shows Rs. 8,20,000, and the estimate for 1880-81 Rs. 7,78,000. Setting these expenses against the receipts from these canals as shown under XXVI, Irrigation, the net earnings to Government were in 1878-79 Rs. 45,523. In 1879-80 they may amount to Rs. 2,47,000, and in 1880-81 to Rs. 3,88,000. The total capital outlay on these canals to end of 1878-79 amounted to Rs. 4,81,84,920, which includes the very unprofitable outlay in the purchase of the Orissa Canals. It will probably come up to Rs. 5,04,34,920 by the end of 1879-80, and to Rs. 5,18,34,920 at the close of the current financial year. The capital laid out may bring in by the end of 1880-81 ·7 per cent. only.

69.—34. *Other Public Works.*—The Provincial items under this head are the ferry charges, accounted for in the Civil Department, and Strand Bank charges and Public Works expenditure proper, accounted for in the Public Works Department. The total expenditure under this head in 1878-79 amounted to Rs. 33,45,013, which includes the charges on account of staging bungalows since transferred to "Miscellaneous." Excluding these charges from the estimates for 1879-80 and 1880-81, the regular estimate for 1879-80 shows Rs. 32,44,000, increased since the close of the year by an extra grant of four lakhs of rupees to cover cost of works in hand. The original local estimate for 1880-81 was Rs. 34,22,000, which has been adopted by the Financial Department; but a sum of Rs. 80,000 was afterwards transferred to the Irrigation Department for certain works to be done by that department; and as the amount is included in the grant of Rs. 21,60,000 fixed for that department, the grant for Public Works Ordinary should have stood at Rs. 33,42,000. This grant was only sufficient to meet the cost of ordinary repairs and maintenance, and to carry on in a very inadequate way works already in hand. The Lieutenant-Governor therefore subsequently sanctioned an additional grant of Rs. 12,00,000 under this head, out of which a sum of Rs. 2,50,000 has been added to the grant originally fixed for Irrigation works, so that the grant for 1880-81 will stand at Rs. 42,92,000. The Public Works expenditure (Local) has been fixed at Rs. 26,69,000, but it should be raised to Rs. 27,34,000 to provide for the steam-ferry service from Kurrigaon to Dhubri.

70. XXXV. *Provincial and local surplus.*—As explained above, this is merely an adjusting head between Provincial and Imperial accounts.

71. *Contribution.*—The entries here correspond to those on the receipt side of the estimate.

72. In the Resolution of this Government dated the 31st March 1879, the closing balance of Provincial Funds on that date was estimated at Rs. 45,40,750. The actual balance as reported by the Accountant-General was Rs. 42,79,000. The appended statement shows that the surplus of the year 1879-80 will probably amount to Rs. 20,000. The balance at the close of that year will accordingly be increased by that amount.

73. The total Provincial receipts of the year 1880-81 are estimated to amount to Rs. 3,78,07,000, and the expenditure to Rs. 3,90,73,000, or Rs. 12,66,000 more than the estimated receipts. The closing balance of that year will accordingly decrease by that amount, and will be reduced, as shown in the statement, to Rs. 30,33,000.

74. The balance of the Incorporated Local Funds on 1st April 1879 was Rs. 24,99,000. It will probably rise to Rs. 27,07,000 on 31st March 1880, and may amount to Rs. 34,21,000 at the close of the year 1880-81. This balance, though large as a whole, is spread over nearly all the districts in the province. Care should, however, be taken by the local bodies and officers responsible for the administration of the funds to prevent undue accumulation of balances.

75. In conclusion, it may be noted that, while the Bengal Estimates for 1880-81 show a gross revenue on all accounts of Rs. 17,29,25,000, the expenditure on service heads within the province shown in the same estimates amounts to only Rs. 6,98,29,000.

ORDER.—Ordered that a copy of the above Resolution, and the appended statement, be submitted to the Government of India, in the Department of Finance and Commerce, with special reference to paragraph 6.

Ordered also, that a copy of the above Resolution, and the appended statement, be forwarded to the Accountant-General for information and guidance.

Ordered also, that a copy of the above Resolution, and the appended statement, be forwarded to the Revenue Department of this Government, with special reference to paragraph 46.

[Third Publication]

The 7th May 1880.—The following Rules for Cultivation Leases of small lots of Waste Land in the Regulation District of Chittagong are published for general information :—

These rules shall be applicable to all such waste lands being the property of Government and not included in, or required for inclusion in, other settlements, taluki or other, within the limits of the Regulation District of Chittagong, as shall from time to time be applied for by small capitalists for the purposes of ordinary native cultivation.

2. Such lands so applied for shall, with the exception hereinafter provided, be divided into lots of about 50 acres, and their leases disposed of by public auction to the highest bidder. The land shall be divided into lots by the Collector, either according to the wishes of applicants or as may be convenient, but he must be very careful to define the lot as clearly as possible at time of sale.

3. The first lease shall run in every case to the general year of resettlement for the district, viz 1898 A.D., and the lessee shall have a right of resettlement on such terms and for such period as may then be fixed, provided that the resettlement shall not be for a less period than 20 years.

4. Selected tracts of available waste land shall be put up to auction from time to time. A general notice shall be issued setting forth that leases of the waste lands situated in the mouza or locality specified, will be put up to public auction on a specified date in such lots not exceeding 50 acres as may be applied for, and inviting persons who may wish to bid for any lot or lots of the said lands to put in written application for the same within one month from the date of the publication of the notice

5. This general notice shall be in the form set out in Appendix A, and shall be published by posting up copies in the offices of the Settlement Officer and the Collector, in the police-station within whose jurisdiction the village lies, and in some conspicuous part of the villages containing or adjoining the tract.

6. The applications for leases therein invited shall be required to contain--

(1) The name, father's name, and residence of the applicant;

(2) A specification of the area, situation, boundaries, and general description of the land applied for, so far as they can be ascertained without a detailed survey.

7. On the date fixed in the general notice, all plots that have been applied for shall be put up to auction and leased to the highest bidder.

8. Plots subsequently applied for shall from time to time be put up to auction and disposed of in like manner.

9. At time of sale the Collector shall be careful to notify that the sale is made subject to these rules.

10. It will in every case be in the discretion of the Collector, Settlement Officer, or other officer empowered to hold auctions, when putting up the leases to public competition, to classify the plots as first or second class waste, and to fix the upset rates accordingly.

Those rates will be—

For first class waste.—From the first to the end of the fifth year, at two annas an acre.

From the sixth to the end of the tenth year, at five annas an acre.

Cultivation then found to be measured and assessed at Rs. 2 an acre, the waste remaining at five annas an acre.

For second class waste.—From the first to the end of the fifth year, at one anna and a quarter an acre.

From the sixth to the end of the tenth year, at two annas and a half an acre.

Cultivation then found to be measured and assessed at Re. 1-4 an acre, the waste remaining at two annas and a half an acre.

11. It shall be a condition of the sale that at the end of the tenth year of the lease, or as soon after as the Collector may think proper, a measurement of the land under cultivation may be made, and the assessment re-adjusted in respect of the area so found, according to the above rates. Any *sunn* and *gorjon kholas* found shall also then be assessed at fair rates. One more similar measurement and re-adjustment of the assessment may be made at any time after the end of the fifteenth year, after which no further measurement or re-adjustment of assessment shall be made till the lease expires.

12. The purchasers of the lots, within one week after the auction, shall deposit the amount of the first year's rental, which shall be taken to cover the expense of mapping, measuring, and demarcating the lots; and no further payment on this account shall be required from the lessee. But the lessee shall bear the cost of clearing the boundary trace when it passes through jungle. If the amount of the first year's rental be not deposited within one week as required above, plus the estimated cost of clearing the boundary trace when necessary, the sale may at the discretion of the Collector be held void, and the lease again put up to auction.

13. An amin shall then be deputed to the village to measure and map the lots and to demarcate the boundaries.

14. The map shall be on the scale of 32 inches to the mile, and shall show all natural features of the plots, such as khals and hills, and shall also show all public pathways. The position of the plot shall in every case be fixed by an offset taken from some permanent and recognizable landmark in the vicinity.

15. The amin shall prepare a field-book of each lot, showing clearly the position and identification of the lands lying within its boundary and also the total area.

16. In demarcating the lots natural boundaries shall be followed as far as possible. The boundaries shall in every case be further demarcated by marks, consisting of posts or tree stems set in mounds of earth at every angle of the boundary. On receipt of the amin's report a lease shall be granted to the purchaser in a form which shall be the counterpart of the form of kabuliyat given in Appendix B, together with a copy of the amin's map.

17. If at the time of giving possession of the lot to the lessee any dispute shall arise as to its boundaries or its identity with the lot of which he purchased the lease, the purchaser shall be bound by the decision of the Collector, and if dissatisfied therewith, may throw up the lease, in which case the amount paid as purchase-money will be repaid to him without interest, after deducting any actual expenses incurred on survey, demarcation, or otherwise.

18. Any land covered by the lease which may at any time be required for a public purpose, may be taken up by Government free of cost, a reduction being made in the rent payable under the lease proportional to the area taken up by Government; but the value of any improvement or property therein shall be paid to the lessee, and shall be assessed under the provisions of the law in force for the time being for the acquisition of land for public purposes.

19. The Government reserves to itself the right to all minerals on the lands which may be leased, together with such rights of way and other reasonable facilities as may be requisite for working, getting, and carrying away such minerals.

20. The title conveyed by the lease shall be heritable and transferable, provided that no transfer shall be made of less than the whole area, and that no transfer shall be valid as against Government, but shall, on the contrary, be equivalent to a surrender of the lease, unless notice of the transfer shall have been given by the transferee to the Collector within two months of the transfer.

21. No sub-tenure inconsistent with the conditions, or for a period beyond the term of the lease, can be granted by the lessee, and if the lessee creates an undertenure he shall be bound to impose a condition prohibiting his undertenant from creating any lower undertenure. Such undertenant shall be bound to let to cultivating ryots only.

22. In the case of lands exposed to salt-water inundation and requiring to be protected by embankment, the above rules shall be subject to the following modifications:—

(*a*) The Collector or other officer empowered in that respect may, at his discretion, offer such lands to auction in lots of such area greater than 50 acres as may be applied for either by a single applicant or by several applicants jointly; provided that such area be not more than can, in the circumstances of the

locality, be effectively protected by a single continuous outer line of embankment, and shall in no case exceed 200 acres if settled with a single applicant, or 50 acres per each applicant if with several applicants jointly.

(*b.*) The outer boundary of the grant having been duly demarcated and boundary marks placed by the amin, the applicants shall be required, on pain of forfeiture of the grant in case of default, to complete the demarcation of boundary, within one year from the date of auction, by the erection, at their own cost, of the necessary embankment.

(*c.*) In the case of a joint application by several persons, the distribution amongst them of the land within the joint embankment shall be matter of private agreement among t themselves, and they shall be jointly and severally responsible for the rent of the whole.

23. The rent payable on waste lands leased under these rules shall be paid to the same persons and in the same manner as the revenue payable from Noabad taluks. The last days of payment will be the same as those fixed for payment of Government revenue by zemindars in the Chittagong district.

24. Payment of the rent due on leases granted under these rules shall be enforced and arrears realized by the same process as in the case of Noabad taluks.

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that on and after the first day of June one thousand eight hundred and sixty-three, or such later day as might be fixed for the purpose by Order in Council, the Regulations contained in the table marked C in the schedule to the said Act should come into operation and be of the same force as if they were enacted in the body of the said Act; but that Her Majesty might from time to time, on the joint recommendation of the Admiralty and the Board of Trade, by Order in Council, annul or modify any of the said Regulations, or make new Regulations in addition thereto or in substitution therefor; and that any alterations in, or additions to, such Regulations made in manner aforesaid should be of the same force as the Regulations in the said schedule:

And whereas by the same Act it was further provided that whenever it should be made to appear to Her Majesty that the Government of any foreign country was willing that the Regulations for preventing collisions contained in Table C in the schedule to the said Act, or such other Regulations for preventing collisions as are for the time being in force under the said Act, should apply to the ships of such country when beyond the limits of British jurisdiction, Her Majesty might, by Order in Council, direct that such Regulations should apply to the ships of the said foreign country, whether within British jurisdiction or not; and it was further provided by the said Act that whenever an Order in Council had been issued applying any Regulation made by, or in pursuance of, the said Act to the ships of any foreign country, such ships should in all cases arising in any British court, be deemed to be subject to such Regulation, and should, for the purpose of such Regulation, be treated as if they were British ships:

And whereas by Order in Council, dated the thirtieth day of July one thousand eight hundred and sixty-eight, Her Majesty, on the joint recommendation of the Admiralty and the Board of Trade, was pleased to make certain additions to the Regulations appended to the said first-recited Order in Council, for the purpose of explaining Articles 11 and 13 of the said Regulations, and of removing doubt and misapprehension concerning the effect of the said two Articles:

And whereas the Admiralty and the Board of Trade have jointly recommended to Her Majesty that the Regulations contained in the Order in Council dated the ninth day of January one thousand eight hundred and sixty-three, and the additions to the said Regulations contained in the said Order in Council of the thirtieth day of July one thousand eight hundred and sixty-eight, shall be annulled from the first day of September one thousand eight hundred and eighty, and that there shall be substituted for the said Regulations and additions respectively the new Regulations hereinafter set forth:

(*c.*) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the port side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.

(*d.*) The said green and red side lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

ART. 4. A steam-ship, when towing another ship, shall, in addition to her side lights carry two bright white lights in a vertical line one over the other, not less than three feet apart, so as to distinguish her from other steam-ships. Each of these lights shall be of the same construction and character, and shall be carried in the same position, as the white light which other steam-ships are required to carry.

ART. 5. A ship, whether a steam-ship or a sailing ship, when employed either in laying or in picking up a telegraph cable, or which from any accident is not under command, shall at night carry in the same position as the white light which steam-ships are required to carry, and, if a steam-ship, in place of that light, three red lights in globular lanterns, each not less than 10 inches in diameter, in a vertical line one over the other, not less than three feet apart: and shall by day carry in a vertical line one over the other, not less than three feet apart, in front of, but not lower than, her foremast head, three black balls or shapes, each two feet in diameter.

These shapes and lights are to be taken by approaching ships as signals that the ship using them is not under command, and cannot therefore get out of the way.

The above ships when not making any way through the water, shall not carry the side lights, but when making way shall carry them.

ART. 6. A sailing ship under way, or being towed, shall carry the same lights as are provided by Article 3 for a steam-ship under way, with the exception of the white light, which she shall never carry.

ART. 7. Whenever, as in the case of small vessels during bad weather, the green and red side lights cannot be fixed, these lights shall be kept on deck, on their respective sides of the vessel, ready for use: and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side.

To make the use of these portable lights more certain and easy, the lanterns containing them shall each be painted outside with the colour of the light they respectively contain, and shall be provided with proper screens.

ART. 8. A ship, whether a steam-ship or a sailing ship, when at anchor, shall carry, where it can best be seen, but at a height not exceeding 20 feet above the hull, a white light, in a globular lantern of not less than eight inches in diameter, and so constructed as to show a clear uniform and unbroken light visible all round the horizon, at a distance of at least one mile.

ART. 9. A pilot vessel, when engaged on her station on pilotage duty, shall not carry the lights required for other vessels, but shall carry a white light at the mast head visible all round the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals which shall never exceed fifteen minutes.

A pilot vessel, when not engaged on her station on pilotage duty, shall carry lights similar to those of other ships.

ART. 10. (*a*)—Open fishing boats and other open boats when under way shall not be obliged to carry the side lights required for other vessels; but every such boat shall in lieu thereof have ready at hand a lantern with a green glass on the one side and a red glass on the other side; and on the approach of or to other vessels such lantern shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

(*b*)—A fishing vessel and an open boat when at anchor shall exhibit a bright white light.

(*c*)—A fishing vessel when employed in drift net fishing, shall carry on one of her masts two red lights in a vertical line one over the other, not less than three feet apart.

(*d*)—A trawler at work shall carry on one of her masts two lights in a vertical line one over the other, not less than three feet apart, the upper light red and the lower green, and shall also either carry the side lights required for other vessels, or if the side lights cannot be carried, have ready at hand the coloured lights as provided in Article 7, or a lantern with a red and a green glass as described in paragraph (*a*) of this Article.

(*e*)—Fishing vessels and open boats shall not be prevented from using a flare-up in addition if they desire to do so.

(*f*)—The lights mentioned in this Article are substituted for those mentioned in the 12th, 13th, and 14th Articles of the Convention between France and England scheduled to the British Sea Fisheries Act, 1868.

(*g*)—All lights required by this Article, except side lights, shall be in globular lanterns so constructed as to show all round the horizon.

ART. 11. A ship which is being overtaken by another shall show from her stern to such last-mentioned ship a white light or a flare-up light.

Sound Signals for Fog, &c.

ART. 12. A steam-ship shall be provided with a steam whistle, or other efficient steam sound signal, so placed that the sound may not be intercepted by any obstructions, and with an efficient fog horn to be sounded by bellows or other mechanical means, and also with an efficient bell. A sailing ship shall be provided with a similar fog horn and bell.

In fog, mist, or falling snow, whether by day or night, the signals described in this Article shall be used as follows, that is to say—

(*a*)—A steam-ship under way shall make with her steam whistle, or other steam sound signal, at intervals of not more than two minutes, a prolonged blast.

(*b*)—A sailing ship under way shall make with her fog horn, at intervals of not more than two minutes, when on the starboard tack one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.

(*c*)—A steam-ship and a sailing ship when not under way shall, at intervals of not more than two minutes, ring the bell.

Speed of Ships to be moderate in Fog, &c.

ART. 13. Every ship, whether a sailing ship or steam-ship, shall in a fog, mist, or falling snow go at a moderate speed.

Steering and Sailing Rules.

ART. 14. When two sailing ships are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other as follows, viz:—

(*a*)—A ship which is running free shall keep out of the way of a ship which is close-hauled.

(*b*)—A ship which is close-hauled on the port tack shall keep out of the way of a ship which is close-hauled on the starboard tack.

(*c*)—When both are running free with the wind on different sides, the ship which has the wind on the port side shall keep out of the way of the other.

(*d*)—When both are running free with the wind on the same side, the ship which is to windward shall keep out of the way of the ship which is to leeward.

(*e*)—A ship which has the wind aft shall keep out of the way of the other ship.

ART. 15. If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This Article only applies to cases where ships are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two ships which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are, when each of the two ships is end on, or nearly end on to the other, in other words, to cases in which by day each ship sees the mast of the other in a line, or nearly in a line, with her own; and by night, to cases in which each ship is in such a position as to see both the side lights of the other.

It does not apply by day to cases in which a ship sees another ahead crossing her own course; or by night, to cases where the red light of one ship is opposed to the red light of the other, or where the green light of one ship is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light is seen ahead, or where both green and red lights are seen anywhere but ahead.

ART. 16. If two ships under steam are crossing so as to involve risk of collision, the ship which has the other on her own starboard side shall keep out of the way of the other.

ART. 17. If two ships, one of which is a sailing ship and the other a steam-ship, are proceeding in such directions as to involve risk of collision, the steam-ship shall keep out of the way of the sailing ship.

ART. 18. Every steam-ship when approaching another ship, so as to involve risk of collision, shall slacken her speed, or stop and reverse if necessary.

ART. 19. In taking any course authorized or required by these Regulations a steam-ship under way may indicate that course to any other ship which she has in sight by the following signals on her steam whistle, viz:—

One short blast to mean—"I am directing my course to starboard."
Two short blasts to mean—"I am directing my course to port."
Three short blasts to mean—"I am going full speed astern."

The use of these signals is optional; but if they are used, the course of the ship must be in accordance with the signal made.

ART. 20. Notwithstanding anything contained in any preceding Article every ship, whether a sailing ship or steam-ship, overtaking any other, shall keep out of the way of the overtaken ship.

ART. 21. In narrow channels every steam-ship shall, when it is safe and practicable, keep to that side of the fair way or midchannel which lies on the starboard side of such ship.

ART. 22. Where by the above rules one of two ships is to keep out of the way the other shall keep her course.

ART. 23. In obeying and construing these rules due regard shall be had to all dangers of navigation, and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger.

No Ship under any circumstances to neglect proper precautions.

ART. 24. Nothing in these rules shall exonerate any ship, or the owner, or master, or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

THE following Act, passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 16th March 1880, and having received the assent of His Excellency the Governor-General on the 10th May 1880, is hereby promulgated for general information :—

ACT No. IV OF 1880.

An Act for amending the Calcutta Port Improvement Act, 1870.

Preamble.

Whereas upon the appointment of the Commissioners for making Improvements in the Port of Calcutta to be Conservators of the said Port under the provisions of section 95 of Bengal Act V of 1870, the sum of Rs. 17,65,000 was amongst others due from the said Commissioners to the Secretary of State for India in Council, and it was subsequently agreed between the said Commissioners and the said Secretary of State that the former should be held liable for interest on the said Rs. 17,65,000, and should not be called upon to repay the principal, and it is expedient to provide for payment of interest on the said sum; and whereas the said Commissioners have purchased Government securities of the par value of 5½ lakhs of rupees, hereinafter called the reserve fund, to meet sudden and urgent disbursements connected with the said Port, and it is expedient to exempt the same from liability for certain debts of the said Commissioners; and whereas it is expedient to empower

the said Commissioners to borrow money for the estimated costs of any works hereafter to be undertaken by them, and to borrow from the said Secretary of State the sum of Rs. 53,40,349-3 in respect of works hitherto undertaken by them, and to provide for the repayment of the same, and to further amend Bengal Act V of 1870: It is hereby enacted as follows:—

Short title.

1. This Act may be called "The Calcutta Port Improvement Act Amendment Act;"

Commencement.

It shall be read with, and taken as part of, Bengal Act V of 1870, as amended by Bengal Act VII of 1871 and Bengal Act III of 1872, and it shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

Repeal of sections of Bengal Act V of 1870.

2. Sections 6, 7, 8, 9, 10, 41, 42, 43, 44, 45, 46, 47, 82, 83, 84 and 90 of Bengal Act V of 1870, and Schedules A, B and C annexed thereto, are hereby repealed.

This repeal shall not affect the validity of anything done or suffered, or any right, title, obligation or liability accrued before the commencement of this Act.

Property of Commissioners to be held for purposes of this Act, &c.

3. All property vested in, or acquired or held by, and all moneys paid or payable to, the Commissioners shall be held upon trust for the purposes of this Act and not otherwise.

Commissioners may borrow from Government.

4. It shall be lawful for the Commissioners to borrow from the Secretary of State for India in Council the sum of Rs. 53,40,349-3 upon the terms hereinafter mentioned.

Payment of interest.

5. Interest at the rate of 4½ per cent. per annum upon the said sum of Rs. 53,40,349-3 and upon the said sum of Rs. 17,65,000 shall be paid by the Commissioners to the said Secretary of State half-yearly; the first of such payments to be made on the 30th day of June 1880.

Re-payment of principal.

6. The said sum of Rs. 53,40,349-3, together with the interest thereon, shall be repaid by the Commissioners to the said Secretary of State by equal half-yearly instalments of such amount that the whole shall be repaid within thirty years from the commencement of this Act; provided that the Lieutenant-Governor of Bengal may, upon the representation of the Commissioners, and with the sanction of the Governor-General in Council, postpone the period of re-payment.

In case of default Government how to proceed.

7. In case of default of payment of any such instalment or interest, the Lieutenant-Governor of Bengal may proceed to realize the same on behalf of the said Secretary of State in the manner prescribed by sections 17 and 18 of this Act; but nothing in this Act shall be deemed to confer upon the said Secretary of State any greater or prior right in respect of realization than that conferred upon other creditors of the Commissioners under this Act.

Power to repay before due date.

8. It shall be lawful for the Commissioners, if they think fit, out of any moneys which may come into their hands under the provisions of this Act, to repay to the said Secretary of State any sum which for the time being may remain due to him under the provisions of this Act for principal, although the time fixed for the repayment of the same shall not have arrived: provided that no such repayment shall be made of any sum less than ten thousand rupees; and that if any such re-payment is made, the amount of interest in each succeeding half-yearly instalment shall be adjusted so as to represent exactly the interest due on the outstanding principal.

Money to be raised for works, &c.

9. If the Lieutenant-Governor of Bengal shall by an order published in the *Calcutta Gazette* so direct, it shall be lawful for the Commissioners from time to time to raise money for the estimated cost of any works or arrangements sanctioned by him to such extent as he may from time to time direct.

Security for loans.

10. In such case it shall be lawful for the Commissioners to raise a loan or loans on the security of all, or, with the sanction of the Lieutenant-Governor of Bengal, of any portion of the property, vested in or acquired by them under this Act, other than the said reserve fund, or the sinking fund provided for by section 11 of this Act, or on the security of the total aggregate amount of the proceeds of all or any of the tolls, duties, rates and charges leviable under this Act.

Loans to be contracted in India.

11. Unless the Lieutenant-Governor of Bengal with the previous sanction of the Governor-General in Council shall by an order published in the *Calcutta Gazette* otherwise direct, such loans shall be contracted in India and in the Indian currency, and the Commissioners shall accumulate by half-yearly instalments in the case of each of such loans a sinking fund of such an amount as will suffice to liquidate such loan within a period not exceeding thirty years from the date of the contracting of the same.

Such sinking fund shall be invested in the names of two trustees, one to be appointed by the Lieutenant-Governor of Bengal, and one by the Commissioners, in the promissory notes, debentures, stock and other securities of the Government of India, or in the debentures issued by the Commissioners under this Act.

Loans to be a first charge on property.

12. Such loans and the interest thereon shall be a first charge on the property or on the tolls, duties, rates, and charges on the security of which such loans shall have been raised as provided by section 10 of this Act.

Application of funds raised.

13. All the moneys so to be raised shall be applied by the Commissioners to the following purposes:—

(*a*) the construction and repair of works and erections necessary or expedient for the carrying out of the purposes of this Act;

(*b*) the acquisition of immovable and movable property requisite for such construction or repair as aforesaid;

(*c*) the payment of such salaries, fees and expenses, and such principal and interest as may be due by the Commissioners.

Application of surplus receipts.

14. Whenever the half-yearly accounts to be laid before the Lieutenant-Governor of Bengal under the provisions of this Act show a surplus for the half-year of receipts over expenditure, such surplus, or so much, thereof as the Commissioners shall think fit, may be invested by the Commissioners in the purchase in their corporate name of promissory notes, debentures, stock, and other securities of the Government of India, and the interest thereof may be accumulated and invested in like manner, with power to the Commissioners at any time to dispose of any such securities, and to apply the proceeds and interest thereof, with the sanction of the Lieutenant-Governor of Bengal, in or towards any of the purposes of this Act.

Payment of debenture by fresh mortgage of rates.

15. The Commissioners may at any time according to the provisions aforesaid, and with the approval of the Lieutenant-Governor of Bengal, raise in any of the ways aforesaid any money that may be required to pay any amount for the time being due from the Commissioners under this Act.

Form of debentures.

16. All debentures which may be issued under the authority of this Act shall be in the form contained in the Schedule hereto annexed, or in such form as may from time to time be approved by the Commissioners and the Lieutenant-Governor of Bengal, and shall be transferable by endorsement; and the right to sue in respect of the moneys secured by any of such debentures shall be vested in the holders thereof for the time being without any preference by reason of some of such debentures being prior in date to others.

Remedy by attachment if interest not paid.

17. If the interest on any loan under this Act is not paid according to the conditions of the loan, the Lieutenant-Governor of Bengal may of his own motion, and shall upon the application of lenders holding not less than one-third in value of the total of the loan in respect of the payment of the interest on which default has been committed, attach the tolls, duties, rates, fund or property on the security of which the loan was made. After such attachment, no person except an officer appointed by the Lieutenant-Governor of Bengal shall in any way deal with the attached tolls, duties, rates, fund or property; but such officer may do all acts in respect thereof which the borrower might have done if such attachment had not taken place, and shall apply the proceeds in satisfaction of the interest on the loan and charges due in respect thereof and of all expenses involved by the attachment and subsequent proceedings; and on satisfaction of such interest, charges and expenses, the property so attached shall be at once released. No default in payment of interest shall render the loan repayable.

Remedy by attachment if loan not repaid.

18. If any loan made under this Act is not repaid according to the conditions of this loan, the Lieutenant-Governor of Bengal may of his own motion, and shall upon the application of lenders holding not less than one-third in value of the total of the loan on which default has been committed, attach the tolls, duties, rates, fund or property on the security of which the loan was made. After such attachment, no person except an officer appointed by the Lieutenant-Governor of Bengal shall in any way deal with the attached toll, duty, rate, fund or property; but such officer may do all acts in respect thereof which the borrower might have done if such attachment had not taken place, and shall apply the proceeds in satisfaction of the loan, and of all charges due in respect thereof, and of all expenses involved by the attachment and subsequent proceedings.

How attachment is to be made.

19. The attachment of any toll, duty, rate, fund or any property held as security for any loan under this Act shall be made by a notice addressed to the Commissioners prohibiting the collection of the proceeds of such toll, duty, rate, or fund, or suspending the management of such property by the Commissioners, and vesting the administration thereof in such officer as the Lieutenant-Governor of Bengal may appoint. This notice shall be published in the *Calcutta Gazette*, and otherwise as may be directed by the Lieutenant-Governor of Bengal within the local limits of the Commissioners. The moneys collected or received under such attachment shall be paid into the Government treasury, and the accounts of such moneys shall be prepared in such form as the Lieutenant-Governor of Bengal may, on the report of the Accountant-General, from time to time direct. A copy of such accounts shall be published in the *Calcutta Gazette*, and shall, if the Governor-General in Council so direct, be submitted to him.

The story of a war between a Hindu king of Bengal and a non-Hindu chief reigning over the country on the eastern bank of the Meghna and Brahmaputra. The non-Aryan chief was successful in this war, but in turn was defeated in the course of a few years by the son of the old Hindu king, assisted by king Bikramáditya of Oujein. The capital of these kings is said to have been in pergunnah Bikrampur, in zillah Dacca. The author connects many places in that pergunnah with the history of those kings. The love story, mixed up with that of the war, seems partly based upon Bábu Bankim Chandra Chatterji's *Mrindlini*.	256

The Káyasthas of Bengal are divided into two chief classes *kulin* and *maulik*, the former occupying a higher social position than the latter. If a *maulik* desires to secure the leadership of the Káyastha community, or acquire an influential position in it, he performs the ceremony of *ekjáyi* by convening something like a congress of *kulin* Káyasthas and receiving from them some token of social recognition. The book under notice gives an account of an *ekjáyi* ceremony recently performed in Calcutta. It gives, among other things, the pedigree and social status of many *kulin* Káyasthas in Bengal.	503

Dec. 14th	154	8vo. .	1st ...	1,000	ditto ...	0 8 0	Not given ...	A Musulman prince and a Musulman princess see each other in dreams and become impatient for union. This is	15
effected by supernatural means, after which the prince visits the princess in her own country disguised as a female, is detected by the police, and put in prison. The princess's father next invites claimants for her hand, the gift of which is made to depend on the performance of certain difficult tasks. The imprisoned prince alone succeeds in the attempt, and is therefore publicly married to the princess.									
1880. Jan. 9th	103	8vo. ...	1st ...	1,000	ditto ..	0 4 0	ditto ...	Another long story of love with incidents so conceived and described as to clearly indicate the influence of popu-	16
lar Bengali literature on its composition. The machinery of the *Bidya-Sundara* is adopted almost in its entirety in the development of this story; and the very name of the heroine, Chandramukhi, shows that the work is of an essentially hybrid character.									
1879. Nov. 20th	212	8vo. ...	1st ...	1,250	ditto ...	0 7 0	Mahesh Chandra Sil, 333, Chitpur Road, Calcutta.	A story of love in which a king of Persia and a person of the name of Furhád undergo great hardships for the hand of a	17
beautiful princess named Sirin. Furhád is removed from the field by treacherous means, and Sirin becomes the wife of the king. The narrative is interspersed with songs.

Mar. 18th	118	8vo. ...	1st ...	1,250	ditto ...	0 4 0	Mahesh Chandra Sil, 333, Chitpur Road, Calcutta.	The story is similar to that of Gulwa Sánuwur, noticed in the Catalogue for the fourth quarter of 1879 (Musulmani-	19
Bengali Pamphlet, No. 22). Here, too, a Musulman princess proclaims her determination to marry none but him who shall tell her the story of Bebhás. Many suitors fail and accept servitude. At last one suitor learns the story with the help of one of the princess's handmaids,—the same stratagem as is found in Gulwa Sánuwur.

The writer of the article on Bengali progress, which is continued in this number, is of opinion that places on the sea-coast enjoy natural facilities for progress which inland districts do not. In support of this position he remarks that the peasantry of Backergunge and other sea-board districts are more spirited and prosperous than the peasantry of the inland districts of Bengal. The writer of another article thinks that the University of Calcutta by making *general* education compulsory is retarding material progress which depends upon the possession of *special* talent.	162

The 8th June 1880.

No. 106.—*Notification.*—The following notification by the Government of India in the Public Works Department is republished for information :—

"*No.* 169, *dated 4th June* 1880.—By the Government of India, Public Works Department, No. 1174G., dated Simla, the 4th June 1880.

"Read again—

"Resolution in the Public Works Department, No 303G , dated 30th January 1880.

"*Resolution.*—In the Resolution now read again, it was decided to abolish temporary promotions in the Engineer Establishment from grade to grade within a class. These promotions involved no change of duty or increase of responsibility. The sole object of their being made was the improvement of the pay of officers. But in practice it has been found impossible in some administrations to regulate their publication and rectification with promptitude, and cases have occurred in which officers have been called upon to refund large sums of money. These and other objections render the abolition of temporary promotion imperative, except from class to class.

"In sanctioning the measure, however, it was not the intention of the Governor-General in Council to retard promotion permanently or to injure the pecuniary prospects of the officers affected. In order, therefore, to restore promotion to the former standard, but on a more satisfactory basis, the Governor-General in Council is pleased to decide, subject to the approval of the Secretary of State, that an addition shall be made to the permanent number of officers in each of the higher grades of Executive Engineers and the First Grade of Assistant Engineers, so as to allow of the promotion of a number of officers from the junior grades of those classes corresponding to the normal number of officers on furlough. The numbers to be added in the several lists to the grades indicated will be published in a separate order.

"ORDER.—Ordered that this resolution be published in the *Gazette of India* for general information"

Rule 24.—Applicants whose applications may have been sanctioned shall as far as possible be supplied at any time during the growth of the crop mentioned in their applications: but no applicant for water for a rice crop can claim a *full* supply before the 15th of June.

Rule 25.—Cultivators shall embank the field to which water is supplied, so that the water shall not run to waste or flow unnecessarily on land not entitled to irrigation.

APPENDIX E.

The following rules are issued for the information and guidance of the Deputy Revenue Superintendents, tehsildars, and mohurirs :—

Rule 1.—As a rule all collections should be made by the tehsildar only, or by such other officer as may be in charge of a canal revenue circle.

Rule 2.—The tehsildar or officer in charge of a circle will as heretofore grant detail receipts for all collections made by him, will enter such collections as usual in his siha or No. IV Register, will remit all collections periodically to the head office in Cuttack, with detailed "challans" and counterfoils of all receipts granted. In addition to this, he will at the close of each month submit to the Deputy Superintendent in charge of his circle a detailed statement of all collections made by himself during the month. This will be simply a copy of all "siha" entries made by him during the month, and an abstract statement of demands and collections in the subjoined form :—

The tehsildar or officer in charge of a circle will also submit to the head office in Cuttack half-yearly returns of all outstanding balances. These returns will show in detail the amounts due from each defaulter. They will be checked and compared in the head office, and then forwarded to the Deputy Superintendent in charge of the canal to which they refer, and he will, when on tour of inspection, ascertain by personal enquiry from the alleged defaulters, as noted in such balance sheet, whether the sums due from them have been realized or not.

Rule 3.—Whenever it may be found necessary to employ ameens and mohurirs for collection work, the following system will be adopted : —

(*a*) The tehsildar or officer in charge of the circle will remain at head-quarters.

(*b*) The ameens and mohurirs collecting money will remit once or twice a week all their collections to the tehsildar's cutcherry. These remittances will be accompanied by a challan showing in gross the amounts remitted—(1) under the head of water-rates, and (2) under miscellaneous, thus—

1877-78.						Rs.	A.	P.
Water-rates	...	...	...	...	...	50	0	0
Miscellaneous	...	...	...	...	...	50	0	0
					Total ...	100	0	0

and all the counterfoils of receipts granted by the collecting officer.

For the sums so remitted the collecting officer will obtain a receipt from the tehsildar or officer in charge of the tehsil cutcherry, and these receipts will as heretofore be posted into collecting officer's "siha" below dates of remittance, sufficient space being left for the purpose. Collecting ameens and mohurirs will keep up detail "sihas" showing the particulars of all sums collected and remitted to the tehsil cutcherry, and at the close of each month will forward their "sihas" to the Deputy Superintendent in charge, procuring from him a receipt for their monthly "siha" in the subjoined form :—

(1) Dates between which collections noted in the "siha" were made.

(2) Name of collecting officer.

(3) Name of officer to whom collections were forwarded.
(4) Dates of receipt of such collections at tehsil cutcherry, with amounts received on each date.
(5) The Deputy Superintendent's certificate that all sums collected and forwarded by collecting officer have been duly acknowledged, and acknowledgments posted into the "siha."

The Deputy Superintendent's receipts will be kept by the collecting officers as vouchers in support of their work until such time as they may be called in by the Canal Revenue Superintendent. This will usually be when the total demands for the years to which such receipts refer have been finally closed.

Rule 4.—With the monthly "siha" and abstract statement of total demands and collections in his possession, the Deputy Superintendent will have ample information for enabling him to thoroughly check the tehsildar's accounts, and for taking all necessary action with regard to large and long-standing balances. He should periodically check the tehsildar's "siha," or No. IV Register, by comparing the entries in it with those in "ameen's" and mohurir's "sihas," marking off with a red pencil all items checked. By reference to the tehsildar's half-yearly balance sheets he will see at a glance whether the necessary processes have been issued or not, and by comparing it with the tehsildar's No. IV Register, should occasionally satisfy himself that amounts due on legal processes have been credited to Government. When on tour of inspection he should look into collecting officers' "sihas," and satisfy himself that they are properly kept up.

Rule 5.—Forms for tehsildar's, ameen's, and mohurir's "sihas" will be issued in detached sheets of Alipore Jail paper; each sheet will be numbered and initialled by the Deputy Superintendent. Printed forms of "half-yearly" balance statements will be issued for the use of tehsildars or other officers in charge of circles. All receipts and counterfoils issued from the head office will bear the initials of the head clerk or head mohurir, and each volume will be separately numbered and paged.

IN compliance with a requisition signed by 16 shareholders of the Company, holding in the aggregate 933 shares, an Extraordinary General Meeting of the shareholders of the Company will be held at the registered Office of the Company on Saturday, the 12th of June next, at the hour of half past eleven in the forenoon, for the purpose of altering the Articles of Association of the Company in all or any of the following particulars:—

By rescinding clause 8 and substituting therefor the following:—"The Company shall be managed by a Board of Directors composed of not more than five nor less than three Directors. No shareholder shall be eligible for the office of Director unless he shall have been, for one calendar month previous to his being put in nomination, the registered *bonâ fide* proprietor of not less than five shares in the capital stock of the Company."

By rescinding clause 9 and substituting the following:—"Two Directors shall form a quorum, and have and exercise all the powers of the Board of Directors, and the Chairman of every meeting of the said Board shall be entitled to a second or casting vote."

By inserting the following new clause after clause 28:—

"At any general meeting, unless a poll is demanded by at least three members present personally by attorney or by proxy, a declaration by the Chairman that a resolution has been carried, and an entry to that effect in the book of proceedings of the Company, shall be sufficient evidence without proof of the number or proportion of the votes recorded in favor of or against such resolution."

By rescinding clause 29 and substituting therefor the following:—Every member shall have one vote for every share up to ten; he shall have two additional votes for every five shares up to 100; and an additional vote for every five shares beyond the first 100 shares.

"The Directors shall elect a Chairman for a period of six months. Such Chairman shall be re-eligible, and the duty of the Chairman shall be to give a portion of his time daily to the superintendence and management of the Company's affairs. The said Chairman shall be paid three-fifths of the remuneration aforesaid during his tenure of the said office, and the remaining two-fifths shall be divisible amongst the other Directors in such manner as they shall determine."

"The Directors shall hold a weekly meeting."

Short title.

It extends to all the territories for the time being under the administration of the Lieutenant-Governor of Bengal;

Extent.

and it shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

Commencement.

2. Bengal Act V of 1871 (*The Hughli and Burdwan Drainage Act*) shall be repealed on and from the date upon which this Act comes into force, but, subject to the provisions of this Act, this repeal shall not affect the past operation of such Act, or anything duly done or suffered, or any right, privilege, obligation or liability, acquired, accrued or incurred thereunder.

3. In this Act, unless there be something repugnant in the subject or context—

Interpretation clause.

"The Collector" means the officer in charge of the revenue jurisdiction of the district within which the lands which form the subject of a scheme under this Act, or the greater portion of such lands, are situate. "The Collector."

"The Commissioners" mean the Drainage Commissioners to be appointed under this Act:

"The Commissioners."

12. The Commissioners shall within three months after their appointment cause a notification in the language of the district to be published by beat of drum in every village in which may be situate any portion of the lands to be affected by the works proposed in such scheme and plans. Every such notification shall be in the form in Schedule (A) hereto annexed, and shall further be published by posting the same at the office of the Collector and of the Sub-divisional Officer and in some conspicuous part of the village aforesaid, and at the Court of the Munsif within whose jurisdiction, and at the thana within the limits of which, such village is situate.

Such list shall contain a specification of the land in respect of which such persons claim to vote as landholders, and of the titles in virtue of which they claim to vote respectively: and there shall be appended thereto a notice that objections to the right of voting so claimed must be lodged with the Commissioners within one month after the publication of the said list.

Commissioners how to ascertain what proprietors have assented.

14. (1)—The Commissioners may, at some meeting to be held not less than one month after such list has been published under the provisions of section 13, proceed to ascertain whether the holders of half of the lands to be reclaimed or improved have assented in writing to the adoption of the scheme. For the purpose of so ascertaining, the Commissioners shall take into account the vote of not more than one landholder in respect of any one portion of the area affected, and, whenever more than one landholder shall have given his vote in respect of the same portion of such area, the Commissioners shall take into account the vote of the landholder who holds the lowest interest in respect of such area, and shall not take into account, in respect of such area, the vote of any superior landholder who may have voted.

Example—

A gives his vote as proprietor of 5,000 bighas;
B as patnidar of 2,000 bighas included in A's proprietary of 5,000 bighas;
C as mokarraridar of 100 bighas included in B's patni;

The Commissioners shall take into account the votes of the respective landholders in respect of the following areas:—

D for	...	...	500 bighas.
C „	...	...	100 „
B „ (2,000—100=)		...	1,900 „

		Total...	5,000 „

Vote for estate, tenure, &c., held by two or more co-sharers.

In order to ascertain whether this vote shall be taken as assenting or objecting to the adoption of the scheme, regard shall be had to the votes of the co-sharers individually, and account shall be taken of those only who actually vote. If the majority assent, a vote of assent shall be deemed to have been given in respect of the estate, tenure or undertenure. If the majority object, a vote of objection shall be deemed to have been given. If the number assenting and the number objecting are equal, no vote shall be deemed to have been given in respect of such estate, tenure or undertenure.

15. The Commissioners may in their discretion refuse to take into account the vote of any person who, after being required to do so, fails to specify the extent of land held by him, and the nature of the interest which he has in such land.

Commissioners to decide who is entitled to vote.

16. (1)—Whenever the right of any person to vote as a holder of any land shall be disputed, the Commissioners shall determine whether the vote of such person shall or shall not be accepted in respect of such land, and their determination shall be final for the purposes of section 17; provided that any "recorded proprietor," as defined by section 3 of "The Land Registration Act, 1876," shall be entitled to vote in respect of any property of which he is the recorded proprietor.

Case of landholder not found.

(3)—Where the holder of any land cannot be found, such land shall be altogether excluded in any computation that may be made in order to determine whether the landholders of not less than half of the area to be reclaimed or improved have assented to the adoption of the scheme.

17. If the landholders of not less than half of the area to be reclaimed or improved, ascertained as above provided, shall have assented to the adoption of the scheme, and not otherwise, the Commissioners shall proceed to consider such scheme, together with the plans and estimates for carrying out the same, and shall further consider such objections as have been made thereto; and may adopt such schemes, plans, and estimates, or may alter and modify the same, and adopt the scheme, plans, and estimates so altered or modified, or may disapprove or reject the same.

If half of landholders agree, Commissioners to consider the scheme submitted.

18. If the landholders of half of the area to be reclaimed and improved do not assent to such scheme, but the landholders of half of the area to be affected by some portion of such scheme assent thereto, the Commissioners may resubmit such portion of the scheme to the Lieutenant-Governor, and may, with his approval, proceed thereupon in manner aforesaid.

Power to proceed with portion of scheme.

19. If the Commissioners adopt such scheme, plans and estimates, or any modification or alteration thereof, they shall, within one month after such scheme, plans and estimates, or some modification or alteration thereof, have been adopted by them, cause the same to be laid before the Lieutenant-Governor, and the Lieutenant-Governor may sanction the scheme, plans and estimates so adopted, or any portion thereof, as to him shall seem fit.

and thenceforth the provisions of this Act shall apply to such addition, alteration or modification, as if it had been a portion of the original scheme, plans or estimates; and every such addition, alteration or modification, after it has been adopted, shall be published by the Commissioners as to them shall seem fit.

No such addition, alteration or modification shall be adopted at a meeting at which the majority of the members present are not qualified as provided by section 4.

(2)—No addition, alteration or modification under clause (1) to or of any scheme which affects any lands other than those which would be affected by some scheme theretofore published, shall be adopted by the Commissioners until the same has been published for not less than fifteen days, according to the provisions of section 12, in every village in which may be situate any portion of the lands to be affected by such addition, alteration or modification; nor shall any such addition, alteration or modification be adopted unless the landholders of not less than half the entire area to be affected by the scheme as so added to, altered or modified, assent to the same.

21. When the Lieutenant-Governor has sanctioned any scheme, plans and estimates as aforesaid, or some portion thereof, he may direct proceedings to be taken under the provisions of "The Land Acquisition Act, 1870," or any other law for the time being in force for the acquisition of land for public purposes, in order to obtain any land likely to be required for the works mentioned in such sanctioned scheme, plans and estimates, or any portion thereof.

Powers for the acquisition of land.

22. The Lieutenant-Governor may, if he thinks fit, order the works specified in such sanctioned scheme, plans and estimate, or portion thereof, to be executed by an officer to be thereunto appointed by the Lieutenant-Governor, and may, subject to the sanction of the Governor-General of India in Council, order the advance from the Public Funds of such sum of money as may be required for the purpose of making such improvements, and such officer may cause the works specified in such scheme and plans to be executed, and for that purpose may by himself, his agents and workmen enter into or upon any lands and perform such works thereupon as may be required.

Lieutenant-Governor may order scheme to be carried out.

23. The Lieutenant-Governor may at any time after the said works have been commenced by an order sanction any alteration or modification of such scheme or plan suggested to him by the officer in charge of such works, if after communication with the Commissioners it shall appear to him that by such alteration or modification the general character and scope of the scheme will not be altered, nor greater expenditure incurred thereon, than would be incurred in the scheme as originally sanctioned; and after such sanction, such alteration or modification shall be taken to be a portion of the scheme adopted by the Commissioners in substitution for the portion of such scheme thereby altered, and every such alteration or modification shall be published by the Commissioners as to them shall seem fit.

Power to Lieutenant-Governor to modify scheme.

24. (1)—Any person who alleges that damage has been caused to his property by any scheme or works commenced or carried out under this Act may, at any time before the expiry of the three years mentioned in clause (1) of section 28, prefer to the Commissioners a claim for compensation in respect of such damage actually caused, and of all future damage likely to be caused to such property by such scheme or works.

Claims to compensation for damage caused in carrying out scheme or works.

The Commissioners shall duly consider any such claim; and if they are satisfied that such damage has been caused or is likely to be caused, they shall assess such compensation as to them appears fair and reasonable.

Compensation to be assessed by the Commissioners.

If such person agrees to accept the amount so assessed, the same shall be paid to him:

Reference to Civil Court if amount assessed be not accepted.

If he do not agree to accept such amount, the Commissioners shall

make a reference to the Civil Court in the manner in which a Collector is empowered to make a reference by section 15 of "The Land Acquisition Act, 1870," and the provisions of Part III of the said Act shall apply to any reference so made.

Reference to Civil Court where amount of compensation agreed to or settled by Court, but dispute as to its apportionment.

(2)—When the persons interested in such property, to which damage has been caused as aforesaid agree to accept the amount of compensation assessed by the Commissioners, but a dispute arises as to the apportionment of the same or any part thereof, or when the amount of compensation has been settled by the Court on a reference under clause (1) of this section, and a similar dispute arises, the Commissioners shall refer such dispute to the decision of the Civil Court, and the provisions of Part IV of the said Land Acquisition Act shall apply to any reference so made.

Reference may in certain cases be transferred to Subordinate Judge or Munsif for disposal.

(3)—When the amount of compensation assessed by the Commissioners does not exceed one thousand rupees, any reference made under the said clause (1) may be transferred by the Principal Civil Court of original jurisdiction of the district to any Subordinate Judge in the same district, and such Subordinate Judge shall have power to hear and dispose of the same; and any reference made under clause (2) of this section may be transferred by such Principal Civil Court to any Munsif in the same district, and such Munsif shall have power to hear and dispose of the same.

PART III.

EXPENDITURE AND APPORTIONMENT.

Cost of compensation, &c., to be deemed part of expense of construction. Such expense may be defrayed by advances from the Public Funds.

25. All amounts paid as compensation for any lands taken for the purposes of this Act, or for damage inflicted in carrying out any scheme or works under this Act, or as salaries of officers, servants, or establishments, or for surveys or valuations (whether antecedent or subsequent to the preparation of the scheme and plans), and all amounts otherwise duly expended in carrying out the purposes of this Act, shall be included in, and deemed to constitute the cost of, construction of the works, and may be defrayed by advances from the Public Funds as provided by section 22.

Interest to be paid on such advances. Such interest after completion of the works to be payable half-yearly to Collector by the holders of the lands affected.

26. (1)—All such advances shall bear interest at the rate of five per centum per annum until recovered in the manner hereafter in this Act provided. All such interest, which falls due before the completion of the works is certified to the Commissioners as hereafter provided, shall, upon such completion being so certified, be added to the total amount of the principal sums advanced; and interest at the rate of five per centum per annum upon the total of such interest and principal shall thereafter be payable to the Collector half-yearly by the holders of the lands affected by the works.

Commissioners to distribute liability to pay interest amongst landholders and certify same to the Collector.

(2)—It shall be the duty of the Commissioners to distribute the liability to pay such half-yearly interest amongst such landholders, as soon as the completion of the works has been certified to them, and to report the details of such distribution to the Collector.

How the liability to pay interest is to be distributed.

(3)—In order to the distribution of such liability, the Commissioners shall have regard to the plans and estimates of the scheme and to such other information as may be supplied to them by the Officer in charge of such works, and shall distribute the liability in a general way, so that the share of the interest payable by the holders of each estate, tenure or undertenure from whom any sum is made payable shall be in proportion to the benefit to be derived by the lands of such holders, so far as the Commissioners can judge of such proportions.

Notice of amount of interest payable half-yearly to be served on each landholder. Amount, if not paid, recoverable as a Public Demand.

(4)—Notices shall be served upon such holders setting forth the half-yearly amount of interest payable by them and the date upon which it is payable. Where two or more persons are joint holders of an estate, tenure or undertenure, service of notice under this clause on any one such person shall be deemed to be good and sufficient service on each and all of such persons. If such half-yearly amount be not paid upon such date, the Collector may proceed for its recovery according to the law for the time being in force for the recovery of Public Demands.

Reports to be made and expenditure certified.

27. The Officer in charge of the said works shall, until the same shall be finally completed, once in every three months make a detailed report to the Commissioners of the progress of such works and the expenditure thereupon from the day up to which the next preceding report shall have been brought down; and the Examiner of Public Works Accounts to the Government of Bengal, or some other officer authorized in that behalf by the Lieutenant-Governor, shall from time to time certify the sums advanced in accordance with the provisions of section 25, and the dates of such advances, and every such certificate shall be final and conclusive evidence in a Civil Court or in any proceedings under this Act of the sums therein stated to have been advanced having been so advanced, and of the dates upon which they were respectively so advanced.

Commissioners upon expiry of three years from Completion Report to classify lands benefited by the works, distinguishing between Improved lands and Reclaimed lands.

28. (1)—The Officer in charge of the works shall, as soon as they have been completed, certify such completion to the Commissioners; and the Commissioners shall, upon the expiry of three years from such completion being so certified to them, proceed to classify all the lands benefited by the works according to the degree of benefit conferred; and in such classification they shall distinguish the Improved lands from the Reclaimed lands:

It shall be lawful for the Commissioners at any time during such three years to make such inspections of the lands and such sur-

veys thereof, and otherwise to collect such information, as shall in their opinion conduce to the making of such classification, and of the apportionment hereinafter mentioned.

Cost of construction with interest to be apportioned upon the Improved lands and Reclaimed lands.

(2)—The Commissioners shall, after making such classification, proceed further to apportion the total cost of construction, together with the interest mentioned in section 26, upon the Improved lands and Reclaimed lands, and shall draw up a statement showing the amount payable to the Collector by each landholder—

(*a*) in respect of his Improved lands, if any; and

(*b*) in respect of his Reclaimed lands, if any.

In making this Apportionment the Commissioners shall, as far as may be possible, make payable in respect of each plot or field of Improved land a sum not exceeding the amount of the increased capitalized value, which, in the opinion of the Commissioners, has been conferred on such land by the works.

Amount payable for the Improved lands not to exceed value of improvement.

29. If upon the completion of the Apportionment under section 28 it shall be found that any landholder has, under the provisions of section 26, paid more or less interest than he would have been required to pay according to the proportions adopted in the apportionment under clause (2) of section 28, if such apportionment had then been in force, the Commissioners shall direct such refunds to be made or such additional amounts to be levied as shall be necessary to bring the payments of all the landholders concerned into conformity with such proportions.

Adjustment of excess or deficient payments of interest.

30. Whenever any land, in respect of which any sum is apportioned as payable under the provisions of section 26 or 28, forms part of a tenure, or of a tenure and of an undertenure, it shall be lawful for the Commissioners to declare whether the holders of the estate, of the tenure, or of the undertenure, shall be deemed to be the landholders liable to pay to the Collector the sum apportioned as payable in respect of such land.

When the land is part of a tenure, &c., Commissioners may declare who shall be deemed liable as landholders.

31. The total sum so made payable in respect of the Improved lands of any one landholder, and the total sum so made payable in respect of the Reclaimed lands of any one landholder, with interest upon such sums at five per centum per annum from the date of Apportionment, and any interest payable under section 29, and any interest payable under clause (1) of section 26, but not paid or recovered before the apportionment under section 28, shall be a first charge upon such Improved lands and upon such Reclaimed lands respectively. Such charge shall not be avoided by the sale of such lands or of any estate, tenure, or undertenure within which they are included for arrears of revenue or rent.

Amounts made payable to be a charge upon the Improved lands and Reclaimed lands respectively. Secretary of State for India in Council to have a perpetual lien for their recovery.

32. The Commissioners shall, so soon as conveniently may be, after having apportioned the sums to be payable by the holders of the lands of any village respectively, make and publish a Report describing the several lands in respect of which they have declared such sums to be payable, the names of the respective holders thereof, who have been made liable to pay the same to the Collector, and the sum payable by each in respect of the same. Every such Report shall distinguish between the Reclaimed lands and the Improved lands, and shall classify the latter according to the extent of the improvement. A copy of such report shall be sent through the Collector to the Commissioner of the Division for confirmation by such Commissioner.

Commissioners to report Apportionment.

33. If the Commissioners shall, for the space of three months after the completion of the entire works has been certified to them as aforesaid, neglect or refuse to proceed with the Apportionment of the sums payable as aforesaid, or to make such Report as aforesaid, or for the space of two months after any Report and Apportionment shall have been returned to them for further consideration and revision under the provisions hereinafter contained, neglect or refuse to proceed to such further consideration and revision as is required, the Collector may serve them with a notice requiring them to proceed as aforesaid: and if for one month after service of such notice they neglect so to proceed, the Lieutenant-Governor may appoint such officer or officers as to him shall seem fit to make or consider and revise such Apportionment and Report, and to do all or any of the subsequent acts which the Commissioners are hereby required or empowered to do in respect of such Apportionment and Report; and every Apportionment and Report so made or revised, and every such act so done shall have the same force and effect as if the same had been made, revised, or done by the Commissioners.

In default of Commissioners, officer appointed by Lieutenant-Governor to make Apportionment and Report.

34. Whenever any Apportionment and Report have been made in pursuance of the provisions hereinbefore contained, the Commissioners shall cause such Report to be published by affixing in every village in which any lands mentioned therein are situate a copy of so much thereof as relates to such lands, and also a like copy at the office of the Collector and of the Sub-divisional Officer, and at every Munsif's Court within whose jurisdiction, and at every police thana within the limits of which, such village, or any part thereof, is situate. The fact of such Apportionment and Report having been made, and of such copies having been affixed, shall also be notified by beat of drum in every such village.

Report to be published.

35. Any person who may deem himself to be aggrieved by any such Apportionment may, within one month after such Report has been published, prefer an objection before the Commissioners, and the Commissioners shall be bound to enquire into and decide upon such objection; and any person who is dissatisfied with such decision may within one month from the date of such decision appeal to the Commissioner of the Division against such Apportionment; and such Commissioner shall cause notice of the day fixed for the hearing of such appeal to be published by affixing the same in the office of the Collector and of the Sub-divisional Officer and in a conspicuous place in every village, and in the Court of every Munsif within whose jurisdiction, and at every police thana within the limits of

which any of the lands mentioned in such Report are situate.

Such Commissioner shall hear such appeal and the objections thereto of all persons interested, and may confirm such Apportionment, or may revise and alter the same as to him shall seem fit, or may return the same to the Commissioners for further consideration and revision;

Provided that the total sum apportioned by every Apportionment and Report so revised and altered, as payable in respect of all the lands improved or reclaimed by the works, shall not be less than the total cost of the construction of such works within the meaning of section 25.

Every such Apportionment and Report, when revised or altered, shall, so far as the same has been altered, be published, and be liable to appeal in like manner as the original Apportionment and Report.

The decision of the Commissioner of the Division upon any appeal under this section shall be final.

Final determination of Apportionment.

36. Whenever the Commissioner of the Division shall confirm any Apportionment and Report, or whenever one month shall have elapsed from the publication of any Report without any appeal therefrom having been preferred, he shall pass an order declaring the sums payable in respect of the lands respectively and the persons liable to pay the same to be determined, and shall cause such order to be published in such manner as to him shall seem fit.

PART IV.

RECOVERY OF SUMS DUE TO THE COLLECTOR.

Collector to serve notice of Apportionment, requiring payment or engagement to pay.

37. As soon as any Apportionment has been determined as aforesaid, the Collector may cause a notice in the form in Schedule (B) hereto annexed to be served upon any landholder who has not paid the sum payable by him. Such notice shall require such landholder within one month from the date of its service upon him to pay such sum with interest at the rate of five per centum per annum, or to enter into an engagement for the payment by instalments extending over a period of not more than ten years of such sum, together with interest at the said rate on all instalments remaining unpaid at the date of such payment.

If amount not discharged, the Collector may recover it as a Public Demand.

38. If any landholder fails to discharge the sum made payable in respect of his Improved lands or in respect of his Reclaimed lands, or fails to enter into an engagement for the payment thereof as in this Act hereafter provided, or having entered into such an engagement fails to discharge any instalment payable thereunder, such sum or such instalment, together with interest thereupon at five per centum per annum shall be recoverable under the provisions of any law for the time being in force for the recovery of Public Demands.

Collector may also with sanction of Board of Revenue raise unpaid amount by leasing or mortgaging the Improved or Reclaimed lands.

39. If the Collector thinks it inexpedient to proceed under the provisions of section 38, or having so proceeded shall have failed to realize the sum due, he may, with the sanction of the Board of Revenue, raise the amount necessary to discharge the sum or instalment remaining unpaid—

(*b*) by mortgaging the whole or any part of such Improved lands or Reclaimed lands;

(*c*) by letting in farm or managing by himself or another the whole or any part of such Improved lands or Reclaimed lands; or

(*d*) partly by one of such modes and partly by another or others of them.

40. In case the Collector certifies that any sum payable as hereinbefore provided cannot be realized as provided by section 38 or 39, so much of such sum as shall not have been so realized shall be a charge upon any profits that may accrue from the property vested in the Collector under the provisions of section 47.

Power to repay advances.

41. Any landholder who has entered into an engagement for the repayment of any sum apportioned as aforesaid may at any time repay to the Collector the entire amount of the principal sum which shall be then remaining due, and interest thereupon up to the day of payment, and thenceforth the said engagement shall be terminated and all liabilities in respect thereof for principal or interest shall determine.

PART V.

Proprietor may recover from subordinate tenants.

42. Every landholder who has been charged with any sum by a Report published as aforesaid may, after he has paid or engaged to pay the same—

(*a*) proceed under any law for the time being in force to enhance the rents of any person holding immediately from him any land, the productive powers of which have been increased by any works carried out under this Act, provided that any such person may at his option elect to pay under clause (*b*) of this section: or

(*b*) recover such sum or any part thereof, according to the proportions hereinafter provided, with interest at the rate of five per centum per annum from the date of payment by him of any portion thereof, from the persons holding immediately from him lands in respect of which such sum has been declared payable, and which have been benefited by any scheme or works carried out under this Act.

(*c*) The sum recoverable by such landholder from each such person under clause (*b*) in respect of the lands of each class shall bear the same proportion to the sum charged upon such landholder

in respect of all lands of that class as the area of the lands of that class which are held by such person bears to the area of the lands of the same class in respect of which the landholder has been charged. No person from whom a landholder is authorized to recover any sum under this section shall be liable to pay in any one year more than one-tenth part of the total sum so recoverable from him, and no person shall be liable to pay in one year more than the increased annual value of the lands in respect of which the payment is made.

43. Any superior tenant who has made any payment to a landholder under the provisions of clause (*b*) of section 42 may

(*a*) proceed under any law for the time being in force to enhance the rents of any person holding directly from him lands the productive powers of which have been increased by any works carried out under this Act, provided that any such person may at his option elect to pay under clause (*b*) of this section: or

(*b*) recover the sum or part of the sum which has been so paid by him according to the proportions and subject to the rules laid down in clause (*c*) of section 42, with interest at the rate of five per centum per annum from the date of payment by him of any portion thereof, from the persons holding directly from him lands in respect of which the payment has been made, and which have been benefited by any scheme or works carried out under this Act.

Mode and time of payment.

44. (1)—The sum payable to a landholder or superior tenant in any one year under clause (*b*) of section 42 or under clause (*b*) of section 43 shall be payable by equal instalments upon the days appointed for the payment to such landholder or superior tenant of the rent of the lands concerned, and shall be recoverable as if the same were an arrear of rent.

Provision in case of dispute as to the amount to be paid.

(2)—If such landholder or superior tenant and any person holding lands directly from him cannot agree as to the amount which such person shall pay, such landholder or superior tenant may serve such person through the Collector with a notice setting forth the amount which he claims, and requiring such person, within one month after the service of such notice, to pay the amount claimed or enter into an engagement for the payment thereof by instalments extending over a period of not more than ten years, or appear before the Collector and object.

Collector to decide objection.

(3)—If such person do not within the said period of one month appear and object, the amount set forth in such notice shall be recoverable with interest at five per centum per annum. If such person appear and object, the Collector shall dispose of such objection, and his decision shall be final. The Collector may direct that any sum of money payable under his decision, together with any costs awarded by him, be paid by instalments extending over a period of not more than ten years. The provisions of clause (1) of this section shall apply to every sum payable according to an order of the Collector passed under this section.

APPENDIX E.

The following rules are issued for the information and guidance of the Deputy Revenue Superintendents, tehsildars, and mohurirs :—

Rule 1.—As a rule all collections should be made by the tehsildar only, or by such other officer as may be in charge of a canal revenue circle.

Rule 2.—The tehsildar or officer in charge of a circle will as heretofore grant detail receipts for all collections made by him, will enter such collections as usual in his siha or No. IV Register, will remit all collections periodically to the head office in Cuttack, with detailed "challans" and counterfoils of all receipts granted. In addition to this, he will at the close of each month submit to the Deputy Superintendent in charge of his circle a detailed statement of all collections made by himself during the month. This will be simply a copy of all "siha" entries made by him during the month, and an abstract statement of demands and collections in the subjoined form :—

The tehsildar or officer in charge of a circle will also submit to the head office in Cuttack half-yearly returns of all outstanding balances. These returns will show in detail the amounts due from each defaulter. They will be checked and compared in the head office, and then forwarded to the Deputy Superintendent in charge of the canal to which they refer, and he will, when on tour of inspection, ascertain by personal enquiry from the alleged defaulters, as noted in such balance sheet, whether the sums due from them have been realized or not.

Rule 3.—Whenever it may be found necessary to employ ameens and mohurirs for collection work, the following system will be adopted : —

(*a*) The tehsildar or officer in charge of the circle will remain at head-quarters.

(*b*) The ameens and mohurirs collecting money will remit once or twice a week all their collections to the tehsildar's cutcherry. These remittances will be accompanied by a challan showing in gross the amounts remitted—(1) under the head of water-rates, and (2) under miscellaneous, thus—

1877-78.		Rs.	A.	P.
Water-rates		50	0	0
Miscellaneous		50	0	0
	Total ...	100	0	0

and all the counterfoils of receipts granted by the collecting officer.

For the sums so remitted the collecting officer will obtain a receipt from the tehsildar or officer in charge of the tehsil cutcherry, and these receipts will as heretofore be posted into collecting officer's "siha" below dates of remittance, sufficient space being left for the purpose. Collecting ameens and mohurirs will keep up detail "sihas" showing the particulars of all sums collected and remitted to the tehsil cutcherry, and at the close of each month will forward their "sihas" to the Deputy Superintendent in charge, procuring from him a receipt for their monthly "siha" in the subjoined form :—

(1) Dates between which collections noted in the "siha" were made.

(2) Name of collecting officer.

(3) Name of officer to whom collections were forwarded.
(4) Dates of receipt of such collections at tehsil cutcherry, with amounts received on each date.
(5) The Deputy Superintendent's certificate that all sums collected and forwarded by collecting officer have been duly acknowledged, and acknowledgments posted into the "siha."

The Deputy Superintendent's receipts will be kept by the collecting officers as vouchers in support of their work until such time as they may be called in by the Canal Revenue Superintendent. This will usually be when the total demands for the years to which such receipts refer have been finally closed.

Rule 4.—With the monthly "siha" and abstract statement of total demands and collections in his possession, the Deputy Superintendent will have ample information for enabling him to thoroughly check the tehsildar's accounts, and for taking all necessary action with regard to large and long-standing balances. He should periodically check the tehsildar's "siha," or No. IV Register, by comparing the entries in it with those in "ameen's" and mohurir's "sihas," marking off with a red pencil all items checked. By reference to the tehsildar's half-yearly balance sheets he will see at a glance whether the necessary processes have been issued or not, and by comparing it with the tehsildar's No. IV Register, should occasionally satisfy himself that amounts due on legal processes have been credited to Government. When on tour of inspection he should look into collecting officers' "sihas," and satisfy himself that they are properly kept up.

Rule 5.—Forms for tehsildar's, ameen's, and mohurir's "sihas" will be issued in detached sheets of Alipore Jail paper; each sheet will be numbered and initialled by the Deputy Superintendent. Printed forms of "half-yearly" balance statements will be issued for the use of tehsildars or other officers in charge of circles. All receipts and counterfoils issued from the head office will bear the initials of the head clerk or head mohurir, and each volume will be separately numbered and paged.

HIGH COURT NOTICES.

Circular Order issued by authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 21, *dated the* 14*th May* 1880.

The High Court of Judicature is pleased to circulate, for the information and guidance of all District Judges and their subordinates, the accompanying copy of a Resolution of the Lieutenant-Governor of Bengal, from which it will be seen that His Honor has determined on the definitive introduction of the Nagri character into all Courts in the Patna Division and parts of the Bhagulpore Division.

2. District Judges and all persons affected by this order are reminded that, so long ago as September 1875,* distinct warning was given that such alteration was intended, and that all ministerial officers were required to make themselves conversant with the Nagri character. Those who have neglected to do so will have to take the consequences of their default.

* Circular Order No. 12, dated 11th September 1875.

3. Detailed instructions on any points which require them will in due time be issued, and the Court will take steps for the promulgation and supply of all necessary forms, registers, and the like in the Nagri character.

Resolution by the Government of Bengal, General (Miscellaneous) Department,—dated the 13*th April* 1880.

READ—

The following papers regarding the substitution of the Nagri and Kaithi character for the Persian character in the courts and offices of the Patna Division:—

Letter from the Commissioner of Patna, No. 397J., dated 8th October 1873.
" to the Commissioner of Patna, No. 1210, dated 2nd April 1874.
" from the Commissioner of Patna, No. 182J, dated 20th May 1875.
" to the Commissioner of Patna, No. 17ST, dated 9th July 1875.

Read also—

Letter No. 12009, dated 6th September 1879, from the Inspector-General of Police, and No. 81J, dated 12th March 1880, from the Commissioner of Patna.

This subject has been under discussion for the last seven years, but the orders issued by Government appear to have been practically ignored. The orders of the 2nd April 1874 and 9th July 1875, which reiterated previous orders for the use of Hindi and the Nagri character in the courts and offices of the Patna, Bhagulpore, and Chota Nagpore Divisions, directed that all processes, notifications, and proclamations should be made in Hindi; that official records should be kept in Hindi; that petitions should be received, at the option of the presenters, in the Hindi or Urdu character; and that a knowledge of the Hindi character should be insisted on in the case of Police and Ministerial officers. The Inspector-General of Police has lately brought to the notice of the Lieutenant-Governor that the *Behar Police Gazette* is practically useless to the officers of his department, because few Police officers can read fluently the Nagri character in which it is printed. The Commissioner of Patna has also reported that the orders for the introduction of Hindi have remained a dead letter, except in his own office and in the Madhubani sub-division; that petitions are almost invariably written in Urdu; that vernacular orders to the police and police diaries and

registers are almost invariably written in Urdu; that the registers in the collectorate and fouzdari are also generally written in Urdu; and that the orders have been so far disregarded that in some courts Hindi printed forms of notices, &c., are filled up in Urdu, instead of in Kaithi.

2. It is evident, from the Commissioner's report, that no real advance has been made in giving effect to the wishes of Government in this matter; and the Lieutenant-Governor has come to the conclusion that the change so long enjoined by Government will never be thoroughly introduced until Nagri (or Kaithi) is made the character for *exclusive* use in official documents in Behar. He accordingly directs that this character shall be exclusively used from the 1st January 1881 throughout the Patna Division, and in such districts of the Bhagulpore Division as may hereafter be notified; and that the issue from the courts, or the reception by the courts, of any document in the Persian character, except as exhibits, shall be absolutely forbidden. Pending further enquiry, these orders will not for the present be enforced in the Chota Nagpore Division.

Police officers and amlah are hereby warned that if they cannot read and write the Nagri character by the above date, they will have to make room for those who can.

3. It has been pointed out by the Inspector-General of Police that the lithographed manuscripts issued by the Central Examination Committee for the departmental examinations of civilians, deputy magistrates, police officers, &c., are for the Urdu language, written in the Persian, instead of the Hindi character, and that officers are not required to pass any examination in Hindi as written in the Nagri character. Urdu and Hindi being identical languages, a change in the character will make no essential difference in the nature of the examination. The Lieutenant-Governor therefore desires that after the 1st January 1881, the lithographed papers for candidates in the districts referred to in this Resolution shall be in the Kaithi character. Officers will by that date have had sufficient time to acquire fluency in reading the character.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Commissioner of Patna for information and guidance, and to the Commissioners of Bhagulpore and Chota Nagpore for report.

Ordered that a copy be forwarded to the Judicial Department of this office for information. As examination questions are dealt with by the Appointment Department, they may be asked to issue the necessary instructions to the Central Examination Committee.

Sheriff's Office, the 26th May 1880.

NOTICE is hereby given that the Fourth Criminal Sessions of the year 1880 of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William, and the places subordinate thereto, will be holden at the Court House, in the Town of Calcutta, on Thursday, the First day of July next, at 11 o'clock in the forenoon, and so on from day to day until the said Sessions be over. ACT No. VI OF 1880.

An Act to provide for the Drainage and Improvement of Lands.

Preamble.

WHEREAS it is expedient that provision should be made for the better drainage and improvement of lands in the territories administered by the Lieutenant-Governor of Bengal: It is hereby enacted as follows :—

PRELIMINARY.

Short title.

1. This Act may be called "The Bengal Drainage Act, 1880 :"

Extent.

It extends to all the territories for the time being under the administration of the Lieutenant-Governor of Bengal;

Commencement.

and it shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

Repeal of Bengal Act V of 1871.

2. Bengal Act V of 1871 (*The Hughli and Burdwan Drainage Act*) shall be repealed on and from the date upon which this Act comes into force, but, subject to the provisions of this Act, this repeal shall not affect the past operation of such Act, or anything duly done or suffered, or any right, privilege, obligation or liability, acquired, accrued or incurred thereunder.

Interpretation clause.

3. In this Act, unless there be something repugnant in the subject or context—

"The Collector."

"The Collector" means the officer in charge of the revenue jurisdiction of the district within which the lands which form the subject of a scheme under this Act, or the greater portion of such lands, are situate. If any doubt arises as to whether the greater portion of the lands is situate within one of two or more districts, the Board of Revenue shall decide the point, and such decision shall be final:

"The Commissioners."

"The Commissioners" mean the Drainage Commissioners to be appointed under this Act;

"Estate."

"Estate" means land included under one entry in the General Registers of revenue-paying lands and revenue-free lands, prepared and maintained under the law for the time being in force by any Collector of a district, or a share of, or interest in, such land:

"Proprietor."

"Proprietor" means a person who as owner is solely or jointly in possession of an estate;

"Tenure."

"Tenure" means—

(1) a permanent rent-paying interest in land immediately subordinate to that of a proprietor, and superior to that of a ryot, extending to not less than one hundred standard bighas affected or to be affected by any works under this Act;

(2) a permanent revenue-free or rent-free interest in land affected or to be affected by any works under this Act, when there exists no rent-paying interest in the same land between the proprietary interest in the estate and such revenue-free or rent-free interest:

"Undertenure" means—

"Undertenure."

(1) a permanent rent-paying interest in land subordinate to that of a tenure-holder and superior to that of a ryot, extending to not less than one hundred standard bighas affected or to be affected by any works under this Act;

(2) a revenue-free or rent-free interest in land affected or to be affected by any works under this Act, when there exists a rent-paying interest in the same land between the proprietary interest in the estate and such revenue-free or rent-free interest:

EXPLANATION.—The term "permanent" is used with reference to the tenure or undertenure itself, and not with reference to the person who happens to hold such tenure or undertenure for the time being. A tenure or undertenure is none the less permanent although held by a Hindú widow, a Sebait, or a person subject to the Mitakshara law.

"Landholder" and "Holder of Land."

"Landholder" and "Holder of land" mean—

(1) any person who as owner of an estate is solely or jointly in possession thereof;

(2) any person who as owner of a tenure or undertenure is solely or jointly in possession thereof:

Where two or more persons are joint landholders, they shall be jointly and severally liable under this Act, except as is otherwise expressly provided herein:

"Reclaimed land."

"Reclaimed land" means land which was unfit for cultivation before the execution of any works under this Act, but which has been rendered productive by such works:

"Improved land."

"Improved land" means land which was more or less fit for cultivation before the execution of any works under this Act, but of which the productive powers have been increased by such works:

"Part" and "Section."

"Part" and "Section" mean respectively a part and section of this Act.

PART I.

APPOINTMENT OF COMMISSIONERS AND CONDUCT OF BUSINESS.

Lieutenant-Governor to appoint Commissioners.

4. Whenever it appears expedient to the Lieutenant-Governor to carry out any scheme and plans for the drainage and improvement of any tract of land, the Lieutenant-Governor may appoint any number of persons not less than seven, of whom the majority shall be qualified by being holders of lands to be affected by the works mentioned in the said scheme and plans, or managers on behalf of such holders, to be Drainage Commissioners for carrying out the provisions of this Act;

and the Lieutenant-Governor may from time to time remove, or accept the resignation of, any such Commissioner, or may add to the number of the Commissioners, and may appoint another person in the place of any such Commissioner dying, resigning, being removed or ceasing to reside in the district in which such lands are situate, but so as that the majority of the Commissioners shall always be persons qualified as aforesaid.

No act done or proceeding taken by the Commissioners shall be invalid merely on the ground that at the time of doing such act or of taking such proceeding the majority of the Commissioners were not persons qualified as aforesaid.

Lieutenant-Governor to appoint Chairman. Commissioners may sue and be sued in his name.

5. The Lieutenant-Governor shall from time to time appoint one of the persons so appointed Commissioners as aforesaid to be Chairman of the Commissioners, and may at any time, if he see fit, revoke such appointment and appoint another of such persons to be Chairman. The Commissioners may sue and be sued in the name of their Chairman.

Meetings of Commissioners and quorum.

6. The Commissioners shall ordinarily meet for the transaction of business once at least in every quarter. Such meeting shall be held upon such day and at such hour as the Commissioners shall from time to time determine. No business shall be transacted at any meeting unless at least three members are present at the commencement and close of such business.

Extraordinary meetings.

7. The Chairman of the Commissioners may, whenever he thinks fit, and shall, upon request made in writing by three of the Commissioners, call an extraordinary meeting of the Commissioners.

Presidency of meetings.

8. The Chairman shall preside at every meeting of the Commissioners, but in case of his absence at the time appointed for holding a meeting, the Commissioners present may choose one of their number to be President of such meeting.

Transaction of business at meetings.

9. (1)—All questions at any meeting, including the question of adjourning such meeting, shall be decided by a majority of votes of the members present. In case of an equality of votes, the President for the time being of such meeting shall have a second or casting vote.

Delegation of powers to Committee.

(2)—The Commissioners may delegate any of their powers to Committees consisting of such member or members of the body as they think fit. Any Committee so formed shall, in the exercise of the powers delegated, conform to any regulations that may be imposed on them by the Commissioners.

Election of Chairman of Committee.

(3)—A Committee may elect a Chairman at their meetings. If no Chairman is elected, or if he is not present at the time appointed for holding any meeting, the members present shall choose one of their number to be Chairman of the same.

Adjournment, voting, &c., of Committee.

(4)—A Committee may meet and adjourn as they think proper. Questions at any meeting shall be determined by a majority of votes of the members present, and in case of an equal division of votes, the Chairman shall have a second or casting vote.

Power to appoint servants.

10. The Chairman of the Commissioners may by an order in writing appoint and dismiss such servants and officers other than Engineers and their subor-

dinates, as may be required for the purposes of this Act, and he may control them as he shall see fit. There shall be paid to such servants and officers respectively such salaries as may appear to the Commissioners to be proper.

When objects of their appointment fulfilled, Lieutenant-Governor may direct their powers and functions to cease.

11. The Lieutenant-Governor may, when satisfied that the objects of their appointment have been fulfilled, direct that the powers and functions of the Commissioners shall cease.

PART II.

DRAINAGE SCHEME.

Commissioners to cause a notification of the scheme to be published.

12. The Commissioners shall within three months after their appointment cause a notification in the language of the district to be published by beat of drum in every village in which may be situate any portion of the lands to be affected by the works proposed in such scheme and plans. Every such notification shall be in the form in Schedule (A) hereto annexed, and shall further be published by posting the same at the office of the Collector and of the Sub-divisional Officer and in some conspicuous part of the village aforesaid, and at the Court of the Munsif within whose jurisdiction, and at the thana within the limits of which, such village is situate.

List of persons assenting or objecting, to be published.

13. After the date named in such notification, a list of the persons who may have given their assent or made any objection in writing in accordance with such notification shall be prepared and published in the manner provided in section 12 for the information of all concerned. Such list shall contain a specification of the land in respect of which such persons claim to vote as landholders, and of the titles in virtue of which they claim to vote respectively: and there shall be appended thereto a notice that objections to the right of voting so claimed must be lodged with the Commissioners within one month after the publication of the said list.

Commissioners how to ascertain what proprietors have assented.

14. (1)—The Commissioners may, at some meeting to be held not less than one month after such list has been published under the provisions of section 13, proceed to ascertain whether the holders of half of the lands to be reclaimed or improved have assented in writing to the adoption of the scheme. For the purpose of so ascertaining, the Commissioners shall take into account the vote of not more than one landholder in respect of any one portion of the area affected, and, whenever more than one landholder shall have given his vote in respect of the same portion of such area, the Commissioners shall take into account the vote of the landholder who holds the lowest interest in respect of such area, and shall not take into account, in respect of such area, the vote of any superior landholder who may have voted.

Example—

A gives his vote as proprietor of 5,000 bighas;
B as patnidar of 2,000 bighas included in A's proprietary of 5,000 bighas;
C as mokarraridar of 100 bighas included in B's patni;
D as holding a permanent jama of 500 bighas included in A's proprietary of 5,000 bighas, but not in B's patni of 2,000 bighas.

The Commissioners shall take into account the votes of the respective landholders in respect of the following areas:—

D for	...	...	500 bighas.
C „	...	...	100 „
B „ (2,000—100=)		...	1,900 „
A „ (5,000—2,000—500=)		...	2,500 „
	Total...		5,000 „

Vote for estate, tenure, &c., held by two or more co-sharers.

(2)—One vote only shall be allowed in respect of an estate, tenure or undertenure belonging to two or more co-sharers. In order to ascertain whether this vote shall be taken as assenting or objecting to the adoption of the scheme, regard shall be had to the votes of the co-sharers individually, and account shall be taken of those only who actually vote. If the majority assent, a vote of assent shall be deemed to have been given in respect of the estate, tenure or undertenure. If the majority object, a vote of objection shall be deemed to have been given. If the number assenting and the number objecting are equal, no vote shall be deemed to have been given in respect of such estate, tenure or undertenure.

Persons voting to specify the extent of their lands.

15. The Commissioners may in their discretion refuse to take into account the vote of any person who, after being required to do so, fails to specify the extent of land held by him, and the nature of the interest which he has in such land.

Commissioners to decide who is entitled to vote.

16. (1)—Whenever the right of any person to vote as a holder of any land shall be disputed, the Commissioners shall determine whether the vote of such person shall or shall not be accepted in respect of such land, and their determination shall be final for the purposes of section 17; provided that any "recorded proprietor," as defined by section 3 of "The Land Registration Act, 1876," shall be entitled to vote in respect of any property of which he is the recorded proprietor.

(2)—In the case of a landholder who is a proprietor disqualified to manage his own property under the provisions of "The Court of Wards' Act, 1879," or any similar law for the time being in force, or who is a minor or a lunatic, the right to vote shall be exercised by any manager of the property of such disqualified proprietor or minor or lunatic, appointed by the Court of Wards or by the Civil Court under the provisions of any law for the time being in force, or, where no such manager has been appointed, by any person who, in the opinion of the Commissioners, duly represents the interests of such minor or lunatic.

Case of landholder not found.

(3)—Where the holder of any land cannot be found, such land shall be altogether excluded in any computation that may be made in order to determine whether the landholders of not less than half of the area to be reclaimed or improved have assented to the adoption of the scheme.

If half of landholders agree, Commissioners to consider the scheme submitted.

17. If the landholders of not less than half of the area to be reclaimed or improved, ascertained as above provided, shall have assented to the adoption of the scheme, and not otherwise, the Commissioners shall proceed to consider such scheme, together with the plans and estimates for carrying out the same, and shall further consider such objections as have been made thereto; and may adopt such schemes, plans, and estimates, or may alter and modify the same, and adopt the scheme, plans, and estimates so altered or modified, or may disapprove or reject the same.

Power to proceed with portion of scheme.

18. If the landholders of half of the area to be reclaimed and improved do not assent to such scheme, but the landholders of half of the area to be affected by some portion of such scheme assent thereto, the Commissioners may resubmit such portion of the scheme to the Lieutenant-Governor, and may, with his approval, proceed thereupon in manner aforesaid.

Scheme approved by Commissioners to be laid before the Lieutenant-Governor.

19. If the Commissioners adopt such scheme, plans and estimates, or any modification or alteration thereof, they shall, within one month after such scheme, plans and estimates, or some modification or alteration thereof, have been adopted by them, cause the same to be laid before the Lieutenant-Governor, and the Lieutenant-Governor may sanction the scheme, plans and estimates so adopted, or any portion thereof, as to him shall seem fit.

Power to reconsider scheme and modify it.

20. (1)—The Commissioners may, with the previous assent of the Lieutenant-Governor, at any time reconsider any scheme, plans or estimates adopted by them, and add to, alter or modify the same;

and when any addition, alteration or modification has been adopted by them, they shall cause the same to be laid before the Lieutenant-Governor:

the Lieutenant-Governor may sanction such addition, alteration or modification, or any portion thereof, as he may think fit,

and thenceforth the provisions of this Act shall apply to such addition, alteration or modification, as if it had been a portion of the original scheme, plans or estimates; and every such addition, alteration or modification, after it has been adopted, shall be published by the Commissioners as to them shall seem fit.

No such addition, alteration or modification shall be adopted at a meeting at which the majority of the members present are not qualified as provided by section 4.

Publication of modified scheme.

(2)—No addition, alteration or modification under clause (1) to or of any scheme which affects any lands other than those which would be affected by some scheme theretofore published, shall be adopted by the Commissioners until the same has been published for not less than fifteen days, according to the provisions of section 12, in every village in which may be situate any portion of the lands to be affected by such addition, alteration or modification; nor shall any such addition, alteration or modification be adopted unless the landholders of not less than half the entire area to be affected by the scheme as so added to, altered or modified, assent to the same.

When the Lieutenant-Governor has sanctioned any scheme, plans and estimates as aforesaid, or some portion thereof, he may direct proceedings to be taken under the provisions of "The Land Acquisition Act, 1870," or any other law for the time being in force for the acquisition of land for public purposes, in order to obtain any land likely to be required for the works mentioned in such sanctioned scheme, plans and estimates, or any portion thereof.

Lieutenant-Governor may order scheme to be carried out.

22. The Lieutenant-Governor may, if he thinks fit, order the works specified in such sanctioned scheme, plans and estimate, or portion thereof, to be executed by an officer to be thereunto appointed by the Lieutenant-Governor, and may, subject to the sanction of the Governor-General of India in Council, order the advance from the Public Funds of such sum of money as may be required for the purpose of making such improvements, and such officer may cause the works specified in such scheme and plans to be executed, and for that purpose may by himself, his agents and workmen enter into or upon any lands and perform such works thereupon as may be required.

Power to Lieutenant-Governor to modify scheme.

23. The Lieutenant-Governor may at any time after the said works have been commenced by an order sanction any alteration or modification of such scheme or plan suggested to him by the officer in charge of such works, if after communication with the Commissioners it shall appear to him that by such alteration or modification the general character and scope of the scheme will not be altered, nor greater expenditure incurred thereon, than would be incurred in the scheme as originally sanctioned; and after such sanction, such alteration or modification shall be taken to be a portion of the scheme adopted by the Commissioners in substitution for the portion of such scheme thereby altered, and every such alteration or modification shall be published by the Commissioners as to them shall seem fit.

Claims to compensation for damage caused in carrying out scheme or works.

24. (1)—Any person who alleges that damage has been caused to his property by any scheme or works commenced or carried out under this Act may, at any time before the expiry of the three years mentioned in clause (1) of section 28, prefer to the Commissioners a claim for compensation in respect of such damage actually caused, and of all future damage likely to be caused to such property by such scheme or works.

Compensation to be assessed by the Commissioners.

The Commissioners shall duly consider any such claim; and if they are satisfied that such damage has been caused or is likely to be caused, they shall assess such compensation as to them appears fair and reasonable.

Reference to Civil Court if amount assessed be not accepted.

If such person agrees to accept the amount so assessed, the same shall be paid to him:

If he do not agree to accept such amount, the Commissioners shall

make a reference to the Civil Court in the manner in which a Collector is empowered to make a reference by section 15 of "The Land Acquisition Act, 1870," and the provisions of Part III of the said Act shall apply to any reference so made.

Reference to Civil Court where amount of compensation agreed to or settled by Court, but dispute as to its apportionment.

(2)—When the persons interested in such property, to which damage has been caused as aforesaid agree to accept the amount of compensation assessed by the Commissioners, but a dispute arises as to the apportionment of the same or any part thereof, or when the amount of compensation has been settled by the Court on a reference under clause (1) of this section, and a similar dispute arises, the Commissioners shall refer such dispute to the decision of the Civil Court, and the provisions of Part IV of the said Land Acquisition Act shall apply to any reference so made.

Reference may in certain cases be transferred to Subordinate Judge or Munsif for disposal.

(3)—When the amount of compensation assessed by the Commissioners does not exceed one thousand rupees, any reference made under the said clause (1) may be transferred by the Principal Civil Court of original jurisdiction of the district to any Subordinate Judge in the same district, and such Subordinate Judge shall have power to hear and dispose of the same; and any reference made under clause (2) of this section may be transferred by such Principal Civil Court to any Munsif in the same district, and such Munsif shall have power to hear and dispose of the same.

PART III.

EXPENDITURE AND APPORTIONMENT.

Cost of compensation, &c., to be deemed part of expense of construction. Such expense may be defrayed by advances from the Public Funds.

25. All amounts paid as compensation for any lands taken for the purposes of this Act, or for damage inflicted in carrying out any scheme or works under this Act, or as salaries of officers, servants, or establishments, or for surveys or valuations (whether antecedent or subsequent to the preparation of the scheme and plans), and all amounts otherwise duly expended in carrying out the purposes of this Act, shall be included in, and deemed to constitute the cost of, construction of the works, and may be defrayed by advances from the Public Funds as provided by section 22

Interest to be paid on such advances. Such interest after completion of the works to be payable half-yearly to Collector by the holders of the lands affected.

26. (1)—All such advances shall bear interest at the rate of five per centum per annum until recovered in the manner hereafter in this Act provided. All such interest, which falls due before the completion of the works is certified to the Commissioners as hereafter provided, shall, upon such completion being so certified, be added to the total amount of the principal sums advanced; and interest at the rate of five per centum per annum upon the total of such interest and principal shall thereafter be payable to the Collector half-yearly by the holders of the lands affected by the works.

Commissioners to distribute liability to pay interest amongst landholders and certify same to the Collector.

(2)—It shall be the duty of the Commissioners to distribute the liability to pay such half-yearly interest amongst such landholders, as soon as the completion of the works has been certified to them, and to report the details of such distribution to the Collector.

How the liability to pay interest is to be distributed.

(3)—In order to the distribution of such liability, the Commissioners shall have regard to the plans and estimates of the scheme and to such other information as may be supplied to them by the Officer in charge of such works, and shall distribute the liability in a general way, so that the share of the interest payable by the holders of each estate, tenure or undertenure from whom any sum is made payable shall be in proportion to the benefit to be derived by the lands of such holders, so far as the Commissioners can judge of such proportions.

Notice of amount of interest payable half-yearly to be served on each landholder. Amount, if not paid, recoverable as a Public Demand.

(4)—Notices shall be served upon such holders setting forth the half-yearly amount of interest payable by them and the date upon which it is payable. Where two or more persons are joint holders of an estate, tenure or undertenure, service of notice under this clause on any one such person shall be deemed to be good and sufficient service on each and all of such persons. If such half-yearly amount be not paid upon such date, the Collector may proceed for its recovery according to the law for the time being in force for the recovery of Public Demands.

Reports to be made and expenditure certified.

27. The Officer in charge of the said works shall, until the same shall be finally completed, once in every three months make a detailed report to the Commissioners of the progress of such works and the expenditure thereupon from the day up to which the next preceding report shall have been brought down; and the Examiner of Public Works Accounts to the Government of Bengal, or some other officer authorized in that behalf by the Lieutenant-Governor, shall from time to time certify the sums advanced in accordance with the provisions of section 25, and the dates of such advances, and every such certificate shall be final and conclusive evidence in a Civil Court or in any proceedings under this Act of the sums therein stated to have been advanced having been so advanced, and of the dates upon which they were respectively so advanced.

Commissioners upon expiry of three years from Completion Report to classify lands benefited by the works, distinguishing between Improved lands and Reclaimed lands.

28. (1)—The Officer in charge of the works shall, as soon as they have been completed, certify such completion to the Commissioners; and the Commissioners shall, upon the expiry of three years from such completion being so certified to them, proceed to classify all the lands benefited by the works according to the degree of benefit conferred; and in such classification they shall distinguish the Improved lands from the Reclaimed lands:

It shall be lawful for the Commissioners at any time during such three years to make such inspections of the lands and such sur-

veys thereof, and otherwise to collect such information, as shall in their opinion conduce to the making of such classification, and of the apportionment hereinafter mentioned.

(2)—The Commissioners shall, after making such classification, proceed further to apportion the total cost of construction, together with the interest mentioned in section 26, upon the Improved lands and Reclaimed lands, and shall draw up a statement showing the amount payable to the Collector by each landholder—

Cost of construction with interest to be apportioned upon the Improved lands and Reclaimed lands.

(*a*) in respect of his Improved lands, if any; and

(*b*) in respect of his Reclaimed lands, if any.

In making this Apportionment the Commissioners shall, as far as may be possible, make payable in respect of each plot or field of Improved land a sum not exceeding the amount of the increased capitalized value, which, in the opinion of the Commissioners, has been conferred on such land by the works.

Amount payable for the Improved lands not to exceed value of improvement.

29. If upon the completion of the Apportionment under section 28 it shall be found that any landholder has, under the provisions of section 26, paid more or less interest than he would have been required to pay according to the proportions adopted in the apportionment under clause (2) of section 28, if such apportionment had then been in force, the Commissioners shall direct such refunds to be made or such additional amounts to be levied as shall be necessary to bring the payments of all the landholders concerned into conformity with such proportions.

Adjustment of excess or deficient payments of interest.

30. Whenever any land, in respect of which any sum is apportioned as payable under the provisions of section 26 or 28, forms part of a tenure, or of a tenure and of an undertenure, it shall be lawful for the Commissioners to declare whether the holders of the estate, of the tenure, or of the undertenure, shall be deemed to be the landholders liable to pay to the Collector the sum apportioned as payable in respect of such land.

When the land is part of a tenure, &c., Commissioners may declare who shall be deemed liable as landholders.

31. The total sum so made payable in respect of the Improved lands of any one landholder, and the total sum so made payable in respect of the Reclaimed lands of any one landholder, with interest upon such sums at five per centum per annum from the date of Apportionment, and any interest payable under section 29, and any interest payable under clause (1) of section 26, but not paid or recovered before the apportionment under section 28, shall be a first charge upon such Improved lands and upon such Reclaimed lands respectively. Such charge shall not be avoided by the sale of such lands or of any estate, tenure, or undertenure within which they are included for arrears of revenue or rent.

Amounts made payable to be a charge upon the Improved lands and Reclaimed lands respectively. Secretary of State for India in Council to have a perpetual lien for their recovery.

32. The Commissioners shall, so soon as conveniently may be, after having apportioned the sums to be payable by the holders of the lands of any village respectively, make and publish a Report describing the several lands in respect of which they have declared such sums to be payable, the names of the respective holders thereof, who have been made liable to pay the same to the Collector, and the sum payable by each in respect of the same. Every such Report shall distinguish between the Reclaimed lands and the Improved lands, and shall classify the latter according to the extent of the improvement. A copy of such report shall be sent through the Collector to the Commissioner of the Division for confirmation by such Commissioner.

Commissioners to report Apportionment.

33. If the Commissioners shall, for the space of three months after the completion of the entire works has been certified to them as aforesaid, neglect or refuse to proceed with the Apportionment of the sums payable as aforesaid, or to make such Report as aforesaid, or for the space of two months after any Report and Apportionment shall have been returned to them for further consideration and revision under the provisions hereinafter contained, neglect or refuse to proceed to such further consideration and revision as is required, the Collector may serve them with a notice requiring them to proceed as aforesaid: and if for one month after service of such notice they neglect so to proceed, the Lieutenant-Governor may appoint such officer or officers as to him shall seem fit to make or consider and revise such Apportionment and Report, and to do all or any of the subsequent acts which the Commissioners are hereby required or empowered to do in respect of such Apportionment and Report; and every Apportionment and Report so made or revised, and every such act so done shall have the same force and effect as if the same had been made, revised, or done by the Commissioners.

In default of Commissioners, officer appointed by Lieutenant-Governor to make Apportionment and Report.

34. Whenever any Apportionment and Report have been made in pursuance of the provisions hereinbefore contained, the Commissioners shall cause such Report to be published by affixing in every village in which any lands mentioned therein are situate a copy of so much thereof as relates to such lands, and also a like copy at the office of the Collector and of the Sub-divisional Officer, and at every Munsif's Court within whose jurisdiction, and at every police thana within the limits of which, such village, or any part thereof, is situate. The fact of such Apportionment and Report having been made, and of such copies having been affixed, shall also be notified by beat of drum in every such village.

Report to be published.

35. Any person who may deem himself to be aggrieved by any such Apportionment may, within one month after such Report has been published, prefer an objection before the Commissioners, and the Commissioners shall be bound to enquire into and decide upon such objection; and any person who is dissatisfied with such decision may within one month from the date of such decision appeal to the Commissioner of the Division against such Apportionment; and such Commissioner shall cause notice of the day fixed for the hearing of such appeal to be published by affixing the same in the office of the Collector and of the Sub-divisional Officer and in a conspicuous place in every village, and in the Court of every Munsif within whose jurisdiction, and at every police thana within the limits of

Such Commissioner shall hear such appeal and the objections thereto of all persons interested, and may confirm such Apportionment, or may revise and alter the same as to him shall seem fit, or may return the same to the Commissioners for further consideration and revision;

Provided that the total sum apportioned by every Apportionment and Report so revised and altered, as payable in respect of all the lands improved or reclaimed by the works, shall not be less than the total cost of the construction of such works within the meaning of section 25.

Every such Apportionment and Report, when revised or altered, shall, so far as the same has been altered, be published, and be liable to appeal in like manner as the original Apportionment and Report.

The decision of the Commissioner of the Division upon any appeal under this section shall be final.

Final determination of Apportionment.

36. Whenever the Commissioner of the Division shall confirm any Apportionment and Report, or whenever one month shall have elapsed from the publication of any Report without any appeal therefrom having been preferred, he shall pass an order declaring the sums payable in respect of the lands respectively and the persons liable to pay the same to be determined, and shall cause such order to be published in such manner as to him shall seem fit.

PART IV.

RECOVERY OF SUMS DUE TO THE COLLECTOR.

Collector to serve notice of Apportionment, requiring payment or engagement to pay.

37. As soon as any Apportionment has been determined as aforesaid, the Collector may cause a notice in the form in Schedule (B) hereto annexed to be served upon any landholder who has not paid the sum payable by him. Such notice shall require such landholder within one month from the date of its service upon him to pay such sum with interest at the rate of five per centum per annum, or to enter into an engagement for the payment by instalments extending over a period of not more than ten years of such sum, together with interest at the said rate on all instalments remaining unpaid at the date of such payment.

If amount not discharged, the Collector may recover it as a Public Demand.

38. Collector may also with sanction of Board of Revenue raise unpaid amount by leasing or mortgaging the Improved or Reclaimed lands.

39. If the Collector thinks it inexpedient to proceed under the provisions of section 38, or having so proceeded shall have failed to realize the sum due, he may, with the sanction of the Board of Revenue, raise the amount necessary to discharge the sum or instalment remaining unpaid—

(*a*) by letting in perpetuity or for a term, on payment of a premium equivalent to such amount, the whole or any part of such Improved lands or Reclaimed lands;

(*b*) by mortgaging the whole or any part of such Improved lands or Reclaimed lands;

(*c*) by letting in farm or managing by himself or another the whole or any part of such Improved lands or Reclaimed lands; or

Power to repay advances.

41. Any landholder who has entered into an engagement for the repayment of any sum apportioned as aforesaid may at any time repay to the Collector the entire amount of the principal sum which shall be then remaining due, and interest thereupon up to the day of payment, and thenceforth the said engagement shall be terminated and all liabilities in respect thereof for principal or interest shall determine.

PART V.

Proprietor may recover from subordinate tenants.

42. Every landholder who has been charged with any sum by a Report published as aforesaid may, after he has paid or engaged to pay the same—

(*a*) proceed under any law for the time being in force to enhance the rents of any person holding immediately from him any land, the productive powers of which have been increased by any works carried out under this Act, provided that any such person may at his option elect to pay under clause (*b*) of this section: or

(*b*) recover such sum or any part thereof, according to the proportions hereinafter provided, with interest at the rate of five per centum per annum from the date of payment by him of any portion thereof, from the persons holding immediately from him lands in respect of which such sum has been declared payable, and which have been benefited by any scheme or works carried out under this Act.

(*c*) The sum recoverable by such landholder from each such person under clause (*b*) in respect of the lands of each class shall bear the same proportion to the sum charged upon such landholder

in respect of all lands of that class as the area of the lands of that class which are held by such person bears to the area of the lands of the same class in respect of which the landholder has been charged. No person from whom a landholder is authorized to recover any sum under this section shall be liable to pay in any one year more than one-tenth part of the total sum so recoverable from him, and no person shall be liable to pay in one year more than the increased annual value of the lands in respect of which the payment is made.

(*b*) recover the sum or part of the sum which has been so paid by him according to the proportions and subject to the rules laid down in clause (*c*) of section 42, with interest at the rate of five per centum per annum from the date of payment by him of any portion thereof, from the persons holding directly from him lands in respect of which the payment has been made, and which have been benefited by any scheme or works carried out under this Act.

Mode and time of payment.

44. (1)—The sum payable to a landholder or superior tenant in any one year under clause (*b*) of section 42 or under clause (*b*) of section 43 shall be payable by equal instalments upon the days appointed for the payment to such landholder or superior tenant of the rent of the lands concerned, and shall be recoverable as if the same were an arrear of rent.

Provision in case of dispute as to the amount to be paid.

(2)—If such landholder or superior tenant and any person holding lands directly from him cannot agree as to the amount which such person shall pay, such landholder or superior tenant may serve such person through the Collector with a notice setting forth the amount which he claims, and requiring such person, within one month after the service of such notice, to pay the amount claimed or enter into an engagement for the payment thereof by instalments extending over a period of not more than ten years, or appear before the Collector and object.

(3)—If such person do not within the said period of one month appear and object, the amount set forth in such notice shall be recoverable with interest at five per centum per annum. If such person appear and object, the Collector shall dispose of such objection, and his decision shall be final. The Collector may direct that any sum of money payable under his decision, together with any costs awarded by him, be paid by instalments extending over a period of not more than ten years. 47. All lands which are taken under the provisions of this Act for the purpose of the construction of works therein or thereon, and all works constructed under the provisions of this Act, as well as all outlets, water-channels, embankments and dams so constructed, altered, enlarged, excavated or cut, shall be vested in the Collector of the district for the time being on behalf of the Secretary of State for India in order to effectuate and maintain the objects of this Act; and, to assist the Collector in the management of the same, the Lieutenant-Governor may appoint, or authorize the election, by the landholders aforesaid, of a Committee consisting of not less than four or more than six persons, being themselves holders of the lands reclaimed or improved.

Rule 22.—The complete control and custody of all irrigation sluices shall rest in the Superintending Engineer and the Executive Engineers subordinate to him; but it shall be competent to either of these officers, by an order in writing, to transfer the control and custody of any sluice to any person deemed fit to take charge thereof.

Rule 23.—All questions as to priority of right to take water, and all disputes regarding the quantity and regulation of supply, shall be determined by the Executive Engineer. It shall further be competent to this officer, at his discretion, to close entirely such channels and outlets as he may deem expedient to ensure proper rotation of supply to all applicants, and no claims for compensation for such closure shall lie.

Rule 26.—Where water is appropriated in an unauthorized manner, by cutting canal, distributary or village channel banks, or by opening sluices or shoots fixed in such banks, or by cutting or neglecting to keep in repair the boundaries of fields to which water is supplied, and the person by whose act or neglect such appropriation has ensued cannot be identified, all lands deriving benefit shall be liable to twice the ordinary charge, or such other charge, not being less than the ordinary rate, as the Deputy Superintendent of Canal Revenue may determine.

The instructions embodied in Appendix E regarding collections must be read as part and parcel of these rules, and must be adhered to by all canal revenue subordinates.

Rule 30.—Demand statements of the water-rates due from each village will be issued from the Canal Revenue Office at least two months before such water-rates fall due. All demand statements will contain the names and residences of the cultivators from whom water-rates are due, the areas on which rates are payable, and amounts due from each ryot. Demand statements shall be served on the Collector, or if no Collector has been appointed, on some one of the principal applicants. General notice of such service shall be posted on some conspicuous part of each village, and shall specify dates of payment.

Rule 31.—The dates of payment of water-rates for the different crops shall be as follow:—

„ sugarcane ...	1st June.
„ dalwa and other dry-weather crops	... 1st August.

All payments of water-rates shall be paid in one instalment.

PART VI.

(3) Damage caused by excess water under above restrictions.

(4) Where it can be shown that no crop was grown as originally intended. Provided that no claim for remission shall be allowed unless made while the crops alleged to have been damaged are on the ground.

Rule 34.—Special cases for remission not coming under the above heads shall be reported to the Collector for orders.

Rule 35.—All orders passed on claims for remission shall be duly communicated to the parties concerned.

APPENDIX E.

The following rules are issued for the information and guidance of the Deputy Revenue Superintendents, tehsildars, and mohurirs :—

Rule 1.—As a rule all collections should be made by the tehsildar only, or by such other officer as may be in charge of a canal revenue circle.

Rule 2.—The tehsildar or officer in charge of a circle will as heretofore grant detail receipts for all collections made by him, will enter such collections as usual in his siha or No. IV Register, will remit all collections periodically to the head office in Cuttack, with detailed "challans" and counterfoils of all receipts granted. In addition to this, he will at the close of each month submit to the Deputy Superintendent in charge of his circle a detailed statement of all collections made by himself during the month. This will be simply a copy of all "siha" entries made by him during the month, and an abstract statement of demands and collections in the subjoined form :—

The tehsildar or officer in charge of a circle will also submit to the head office in Cuttack half-yearly returns of all outstanding balances. These returns will show in detail the amounts due from each defaulter. They will be checked and compared in the head office, and then forwarded to the Deputy Superintendent in charge of the canal to which they refer, and he will, when on tour of inspection, ascertain by personal enquiry from the alleged defaulters, as noted in such balance sheet, whether the sums due from them have been realized or not.

Rule 3.—Whenever it may be found necessary to employ ameens and mohurirs for collection work, the following system will be adopted : —

(*a*) The tehsildar or officer in charge of the circle will remain at head-quarters.

(*b*) The ameens and mohurirs collecting money will remit once or twice a week all their collections to the tehsildar's cutcherry. These remittances will be accompanied by a challan showing in gross the amounts remitted—(1) under the head of water-rates, and (2) under miscellaneous, thus—

1877-78.						Rs.	A.	P.
Water-rates	...	...	...	...	...	50	0	0
Miscellaneous	...	...	...	...	...	50	0	0
					Total ...	100	0	0

and all the counterfoils of receipts granted by the collecting officer.

For the sums so remitted the collecting officer will obtain a receipt from the tehsildar or officer in charge of the tehsil cutcherry, and these receipts will as heretofore be posted into collecting officer's "siha" below dates of remittance, sufficient space being left for the purpose. Collecting ameens and mohurirs will keep up detail "sihas" showing the particulars of all sums collected and remitted to the tehsil cutcherry, and at the close of each month will forward their "sihas" to the Deputy Superintendent in charge, procuring from him a receipt for their monthly "siha" in the subjoined form :—

(1) Dates between which collections noted in the "siha" were made.

(2) Name of collecting officer.

(3) Name of officer to whom collections were forwarded.
(4) Dates of receipt of such collections at tehsil cutcherry, with amounts received on each date.
(5) The Deputy Superintendent's certificate that all sums collected and forwarded by collecting officer have been duly acknowledged, and acknowledgments posted into the "siha."

The Deputy Superintendent's receipts will be kept by the collecting officers as vouchers in support of their work until such time as they may be called in by the Canal Revenue Superintendent. This will usually be when the total demands for the years to which such receipts refer have been finally closed.

Rule 4.—With the monthly "siha" and abstract statement of total demands and collections in his possession, the Deputy Superintendent will have ample information for enabling him to thoroughly check the tehsildar's accounts, and for taking all necessary action with regard to large and long-standing balances. He should periodically check the tehsildar's "siha," or No. IV Register, by comparing the entries in it with those in "ameen's" and mohurir's "sihas," marking off with a red pencil all items checked. By reference to the tehsildar's half-yearly balance sheets he will see at a glance whether the necessary processes have been issued or not, and by comparing it with the tehsildar's No. IV Register, should occasionally satisfy himself that amounts due on legal processes have been credited to Government. When on tour of inspection he should look into collecting officers' "sihas," and satisfy himself that they are properly kept up.

Rule 5.—Forms for tehsildar's, ameen's, and mohurir's "sihas" will be issued in detached sheets of Alipore Jail paper; each sheet will be numbered and initialled by the Deputy Superintendent. Printed forms of "half-yearly" balance statements will be issued for the use of tehsildars or other officers in charge of circles. All receipts and counterfoils issued from the head office will bear the initials of the head clerk or head mohurir, and each volume will be separately numbered and paged.

ACT No. VI OF 1880.

An Act to provide for the Drainage and Improvement of Lands.

WHEREAS it is expedient that provision should be made for the better drainage and improvement of lands in the territories administered by the Lieutenant-Governor of Bengal: It is hereby enacted as follows :—

Preamble.

PRELIMINARY.

1. This Act may be called "The Bengal Drainage Act, 1880 :"

Short title.

It extends to all the territories for the time being under the administration of the Lieutenant-Governor of Bengal;

Extent.

and it shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

Commencement.

2. Bengal Act V of 1871 (*The Hughli and Burdwan Drainage Act*) shall be repealed on and from the date upon which this Act comes into force, but, subject to the provisions of this Act, this repeal shall not affect the past operation of such Act, or anything duly done or suffered, or any right, privilege, obligation or liability, acquired, accrued or incurred thereunder.

Repeal of Bengal Act V of 1871.

3. In this Act, unless there be something repugnant in the subject or context—

Interpretation clause.

"The Collector" means the officer in charge of the revenue jurisdiction of the district within which the lands which form the subject of a scheme under this Act, or the greater portion of such lands, are situate. If any doubt arises as to whether the greater portion of the lands is situate within one of two or more districts, the Board of Revenue shall decide the point, and such decision shall be final:

"The Collector."

"The Commissioners" mean the Drainage Commissioners to be appointed under this Act:

"The Commissioners."

"Estate" means land included under one entry in the General Registers of revenue-paying lands and revenue-free lands, prepared and maintained under the law for the time being in force by any Collector of a district, or a share of, or interest in, such land:

"Estate."

"Proprietor" means a person who as owner is solely or jointly in possession of an estate:

"Proprietor."

"Tenure" means—

"Tenure."

(2) a permanent revenue-free or rent-free interest in land affected or to be affected by any works under this Act, when there exists no rent-paying interest in the same land between the proprietary interest in the estate and such revenue-free or rent-free interest:

"Undertenure" means—

"Undertenure."

(1) a permanent rent-paying interest in land subordinate to that of a tenure-holder and superior to that of a ryot, extending to not less than one hundred standard bighas affected or to be affected by any works under this Act;

(2) a revenue-free or rent-free interest in land affected or to be affected by any works under this Act, when there exists a rent-paying interest in the same land between the proprietary interest in the estate and such revenue-free or rent-free interest:

EXPLANATION.—The term "permanent" is used with reference to the tenure or undertenure itself, and not with reference to the person who happens to hold such tenure or undertenure for the time being. A tenure or undertenure is none the less permanent although held by a Hindú widow, a Sebait, or a person subject to the Mitakshara law.

"Landholder" and "Holder of land."

(1) any person who as owner of an estate is solely or jointly in possession thereof;

Where two or more persons are joint landholders, they shall be jointly and severally liable under this Act, except as is otherwise expressly provided herein:

"Reclaimed land."

"Reclaimed land" means land which was unfit for cultivation before the execution of any works under this Act, but which has been rendered productive by such works:

"Improved land."

PART I.

APPOINTMENT OF COMMISSIONERS AND CONDUCT OF BUSINESS.

Lieutenant-Governor to appoint Commissioners.

4. Whenever it appears expedient to the Lieutenant-Governor to carry out any scheme and plans for the drainage and improvement of any tract of land, the Lieutenant-Governor may appoint any number of persons not less than seven, of whom the majority shall be qualified by being holders of lands to be affected by the works mentioned in the said scheme and plans, or managers on behalf of such holders, to be Drainage Commissioners for carrying out the provisions of this Act;

and the Lieutenant-Governor may from time to time remove, or accept the resignation of, any such Commissioner, or may add to the number of the Commissioners, and may appoint another person in the place of any such Commissioner dying, resigning, being removed or ceasing to reside in the district in which such lands are situate, but so as that the majority of the Commissioners shall always be persons qualified as aforesaid.

No act done or proceeding taken by the Commissioners shall be invalid merely on the ground that at the time of doing such act or of taking such proceeding the majority of the Commissioners were not persons qualified as aforesaid.

Lieutenant-Governor to appoint Chairman. Commissioners may sue and be sued in his name.

5. The Lieutenant-Governor shall from time to time appoint one of the persons so appointed Commissioners as aforesaid to be Chairman of the Commissioners, and may at any time, if he see fit, revoke such appointment and appoint another of such persons to be Chairman. The Commissioners may sue and be sued in the name of their Chairman.

Meetings of Commissioners and quorum.

6. The Commissioners shall ordinarily meet for the transaction of business once at least in every quarter. Such meeting shall be held upon such day and at such hour as the Commissioners shall from time to time determine. No business shall be transacted at any meeting unless at least three members are present at the commencement and close of such business.

Extraordinary meetings.

7. The Chairman of the Commissioners may, whenever he thinks fit, and shall, upon request made in writing by three of the Commissioners, call an extraordinary meeting of the Commissioners.

8. The Chairman shall preside at every meeting of the Commissioners, but in case of his absence at the time appointed for holding a meeting, the Commissioners present may choose one of their number to be President of such meeting.

Transaction of business at meetings.

9. (1)—All questions at any meeting, including the question of adjourning such meeting, shall be decided by a majority of votes of the members present. In case of an equality of votes, the President for the time being of such meeting shall have a second or casting vote.

Delegation of powers to Committee.

(2)—The Commissioners may delegate any of their powers to Committees consisting of such member or members of the body as they think fit. Any Committee so formed shall, in the exercise of the powers delegated, conform to any regulations that may be imposed on them by the Commissioners.

Election of Chairman of Committee.

(3)—A Committee may elect a Chairman at their meetings. If no Chairman is elected, or if he is not present at the time appointed for holding any meeting, the members present shall choose one of their number to be Chairman of the same.

Such list shall contain a specification of the land in respect of which such persons claim to vote as landholders, and of the titles in virtue of which they claim to vote respectively: and there shall be appended thereto a notice that objections to the right of voting so claimed must be lodged with the Commissioners within one month after the publication of the said list.

Commissioners how to ascertain what proprietors have assented.

14. (1)—The Commissioners may, at some meeting to be held not less than one month after such list has been published under the provisions of section 13, proceed to ascertain whether the holders of half of the lands to be reclaimed or improved have assented in writing to the adoption of the scheme. For the purpose of so ascertaining, the Commissioners shall take into account the vote of not more than one landholder in respect of any one portion of the area affected, and, whenever more than one landholder shall have given his vote in respect of the same portion of such area, the Commissioners shall take into account the vote of the landholder who holds the lowest interest in respect of such area, and shall not take into account, in respect of such area, the vote of any superior landholder who may have voted.

Example—

A gives his vote as proprietor of 5,000 bighas;
B as patnidar of 2,000 bighas included in A's proprietary of 5,000 bighas;

If the majority assent, a vote of assent shall be deemed to have been given in respect of the estate, tenure or undertenure. 16. (1)—Whenever the right of any person to vote as a holder of any land shall be disputed, the Commissioners shall determine whether the vote of such person shall or shall not be accepted in respect of such land, and their determination shall be final for the purposes of section 17; provided that any "recorded proprietor," as defined by section 3 of "The Land Registration Act, 1876," shall be entitled to vote in respect of any property of which he is the recorded proprietor.

17. If the landholders of not less than half of the area to be reclaimed or improved, ascertained as above provided, shall have assented to the adoption of the scheme, and not otherwise, the Commissioners shall proceed to consider such scheme, together with the plans and estimates for carrying out the same, and shall further consider such objections as have been made thereto; and may adopt such schemes, plans, and estimates, or may alter and modify the same, and adopt the scheme, plans, and estimates so altered or modified, or may disapprove or reject the same.

The Lieutenant-Governor may, if he thinks fit, order the works specified in such sanctioned scheme, plans and estimate, or portion thereof, to be executed by an officer to be thereunto appointed by the Lieutenant-Governor, and may, subject to the sanction of the Governor-General of India in Council, order the advance from the Public Funds of such sum of money as may be required for the purpose of making such improvements, and such officer may cause the works specified in such scheme and plans to be executed, and for that purpose may by himself, his agents and workmen enter into or upon any lands and perform such works thereupon as may be required.

Lieutenant-Governor may order scheme to be carried out.

23. The Lieutenant-Governor may at any time after the said works have been commenced by an order sanction any alteration or modification of such scheme or plan suggested to him by the officer in charge of such works, if after communication with the Commissioners it shall appear to him that by such alteration or modification the general character and scope of the scheme will not be altered, nor greater expenditure incurred thereon, than would be incurred in the scheme as originally sanctioned; and after such sanction, such alteration or modification shall be taken to be a portion of the scheme adopted by the Commissioners in substitution for the portion of such scheme thereby altered, and every such alteration or modification shall be published by the Commissioners as to them shall seem fit.

Power to Lieutenant-Governor to modify scheme.

PART III.

EXPENDITURE AND APPORTIONMENT.

Cost of compensation, &c., to be deemed part of expense of construction. Such expense may be defrayed by advances from the Public Funds.

25. All amounts paid as compensation for any lands taken for the purposes of this Act, or for damage inflicted in carrying out any scheme or works under this Act, or as salaries of officers, servants, or establishments, or for surveys or valuations (whether antecedent or subsequent to the preparation of the scheme and plans), and all amounts otherwise duly expended in carrying out the purposes of this Act, shall be included in, and deemed to constitute the cost of, construction of the works, and may be defrayed by advances from the Public Funds as provided by section 22.

Interest to be paid on such advances. Such interest after completion of the works to be payable half-yearly to Collector by the holders of the lands affected.

26. (1)—All such advances shall bear interest at the rate of five per centum per annum until recovered in the manner hereafter in this Act provided. All such interest, which falls due before the completion of the works is certified to the Commissioners as hereafter provided, shall, upon such completion being so certified, be added to the total amount of the principal sums advanced; and interest at the rate of five per centum per annum upon the total of such interest and principal shall thereafter be payable to the Collector half-yearly by the holders of the lands affected by the works.

Commissioners to distribute liability to pay interest amongst landholders and certify same to the Collector.

(2)—It shall be the duty of the Commissioners to distribute the liability to pay such half-yearly interest amongst such landholders, as soon as the completion of the works has been certified to them, and to report the details of such distribution to the Collector.

How the liability to pay interest is to be distributed.

(3)—In order to the distribution of such liability, the Commissioners shall have regard to the plans and estimates of the scheme and to such other information as may be supplied to them by the Officer in charge of such works, and shall distribute the liability in a general way, so that the share of the interest payable by the holders of each estate, tenure or undertenure from whom any sum is made payable shall be in proportion to the benefit to be derived by the lands of such holders, so far as the Commissioners can judge of such proportions.

Notice of amount of interest payable half-yearly to be served on each landholder. Amount, if not paid, recoverable as a Public Demand.

(4)—Notices shall be served upon such holders setting forth the half-yearly amount of interest payable by them and the date upon which it is payable. Where two or more persons are joint holders of an estate, tenure or undertenure, service of notice under this clause on any one such person shall be deemed to be good and sufficient service on each and all of such persons. If such half-yearly amount be not paid upon such date, the Collector may proceed for its recovery according to the law for the time being in force for the recovery of Public Demands.

Reports to be made and expenditure certified.

27. The Officer in charge of the said works shall, until the same shall be finally completed, once in every three months make a detailed report to the Commissioners of the progress of such works and the expenditure thereupon from the day up to which the next preceding report shall have been brought down; and the Examiner of Public Works Accounts to the Government of Bengal, or some other officer authorized in that behalf by the Lieutenant-Governor, shall from time to time certify the sums advanced in accordance with the provisions of section 25, and the dates of such advances, and every such certificate shall be final and conclusive evidence in a Civil Court or in any proceedings under this Act of the sums therein stated to have been advanced having been so advanced, and of the dates upon which they were respectively so advanced.

28. (1)—The Officer in charge of the works shall, as soon as they have been completed, certify such completion to the Commissioners; and the Commissioners shall, upon the expiry of three years from such completion being so certified to them, proceed to classify all the lands benefited by the works according to the degree of benefit conferred; and in such classification they shall distinguish the Improved lands from the Reclaimed lands:

It shall be lawful for the Commissioners at any time during such three years to make such inspections of the lands and such sur-

Cost of construction with interest to be apportioned upon the Improved lands and Reclaimed lands.

(2)—The Commissioners shall, after making such classification, proceed further to apportion the total cost of construction, together with the interest mentioned in section 26, upon the Improved lands and Reclaimed lands, and shall draw up a statement showing the amount payable to the Collector by each landholder—

(*a*) in respect of his Improved lands, if any; and

(*b*) in respect of his Reclaimed lands, if any.

In making this Apportionment the Commissioners shall, as far as may be possible, make payable in respect of each plot or field of Improved land a sum not exceeding the amount of the increased capitalized value, which, in the opinion of the Commissioners, has been conferred on such land by the works.

Amount payable for the Improved lands not to exceed value of improvement.

29. If upon the completion of the Apportionment under section 28 it shall be found that any landholder has, under the provisions of section 26, paid more or less interest than he would have been required to pay according to the proportions adopted in the apportionment under clause (2) of section 28, if such apportionment had then been in force, the Commissioners shall direct such refunds to be made or such additional amounts to be levied as shall be necessary to bring the payments of all the landholders concerned into conformity with such proportions.

Adjustment of excess or deficient payments of interest.

30. Whenever any land, in respect of which any sum is apportioned as payable under the provisions of section 26 or 28, forms part of a tenure, or of a tenure and of an undertenure, it shall be lawful for the Commissioners to declare whether the holders of the estate, of the tenure, or of the undertenure, shall be deemed to be the landholders liable to pay to the Collector the sum apportioned as payable in respect of such land.

When the land is part of a tenure, &c., Commissioners may declare who shall be deemed liable as landholders.

31. The total sum so made payable in respect of the Improved lands of any one landholder, and the total sum so made payable in respect of the Reclaimed lands of any one landholder, with interest upon such sums at five per centum per annum from the date of Apportionment, and any interest payable under section 29, and any interest payable under clause (1) of section 26, but not paid or recovered before the apportionment under section 28, shall be a first charge upon such Improved lands and upon such Reclaimed lands respectively. Such charge shall not be avoided by the sale of such lands or of any estate, tenure, or undertenure within which they are included for arrears of revenue or rent.

Amounts made payable to be a charge upon the Improved lands and Reclaimed lands respectively. Secretary of State for India in Council to have a perpetual lien for their recovery.

32. The Commissioners shall, so soon as conveniently may be, after having apportioned the sums to be payable by the holders of the lands of any village respectively, make and publish a Report describing the several lands in respect of which they have declared such sums to be payable, the names of the respective holders thereof, who have been made liable to pay the same to the Collector, and the sum payable by each in respect of the same. Every such Report shall distinguish between the Reclaimed lands and the Improved lands, and shall classify the latter according to the extent of the improvement. A copy of such report shall be sent through the Collector to the Commissioner of the Division for confirmation by such Commissioner.

Commissioners to report Apportionment.

33. If the Commissioners shall, for the space of three months after the completion of the entire works has been certified to them as aforesaid, neglect or refuse to proceed with the Apportionment of the sums payable as aforesaid, or to make such Report as aforesaid, or for the space of two months after any Report and Apportionment shall have been returned to them for further consideration and revision under the provisions hereinafter contained, neglect or refuse to proceed to such further consideration and revision as is required, the Collector may serve them with a notice requiring them to proceed as aforesaid: and if for one month after service of such notice they neglect so to proceed, the Lieutenant-Governor may appoint such officer or officers as to him shall seem fit to make or consider and revise such Apportionment and Report, and to do all or any of the subsequent acts which the Commissioners are hereby required or empowered to do in respect of such Apportionment and Report; and every Apportionment and Report so made or revised, and every such act so done shall have the same force and effect as if the same had been made, revised, or done by the Commissioners.

In default of Commissioners, officer appointed by Lieutenant-Governor to make Apportionment and Report.

34. Whenever any Apportionment and Report have been made in pursuance of the provisions hereinbefore contained, the Commissioners shall cause such Report to be published by affixing in every village in which any lands mentioned therein are situate a copy of so much thereof as relates to such lands, and also a like copy at the office of the Collector and of the Sub-divisional Officer, and at every Munsif's Court within whose jurisdiction, and at every police thana within the limits of which, such village, or any part thereof, is situate. The fact of such Apportionment and Report having been made, and of such copies having been affixed, shall also be notified by beat of drum in every such village.

Report to be published.

35. Any person who may deem himself to be aggrieved by any such Apportionment may, within one month after such Report has been published, prefer an objection before the Commissioners, and the Commissioners shall be bound to enquire into and decide upon such objection; and any person who is dissatisfied with such decision may within one month from the date of such decision appeal to the Commissioner of the Division against such Apportionment; and such Commissioner shall cause notice of the day fixed for the hearing of such appeal to be published by affixing the same in the office of the Collector and of the Sub-divisional Officer and in a conspicuous place in every village, and in the Court of every Munsif within whose jurisdiction, and at every police thana within the limits of

Such Commissioner shall hear such appeal and the objections thereto of all persons interested, and may confirm such Apportionment, or may revise and alter the same as to him shall seem fit, or may return the same to the Commissioners for further consideration and revision ;

Provided that the total sum apportioned by every Apportionment and Report so revised and altered, as payable in respect of all the lands improved or reclaimed by the works, shall not be less than the total cost of the construction of such works within the meaning of section 25.

Every such Apportionment and Report, when revised or altered, shall, so far as the same has been altered, be published, and be liable to appeal in like manner as the original Apportionment and Report.

The decision of the Commissioner of the Division upon any appeal under this section shall be final.

Final determination of Apportionment.

36. Whenever the Commissioner of the Division shall confirm any Apportionment and Report, or whenever one month shall have elapsed from the publication of any Report without any appeal therefrom having been preferred, he shall pass an order declaring the sums payable in respect of the lands respectively and the persons liable to pay the same to be determined, and shall cause such order to be published in such manner as to him shall seem fit.

APPENDIX E.

The following rules are issued for the information and guidance of the Deputy Revenue Superintendents, tehsildars, and mohurirs :—

Rule 1.—As a rule all collections should be made by the tehsildar only, or by such other officer as may be in charge of a canal revenue circle.

Rule 2.—The tehsildar or officer in charge of a circle will as heretofore grant detail receipts for all collections made by him, will enter such collections as usual in his siha or No. IV Register, will remit all collections periodically to the head office in Cuttack, with detailed "challans" and counterfoils of all receipts granted. In addition to this, he will at the close of each month submit to the Deputy Superintendent in charge of his circle a detailed statement of all collections made by himself during the month. This will be simply a copy of all "siha" entries made by him during the month, and an abstract statement of demands and collections in the subjoined form :—

The tehsildar or officer in charge of a circle will also submit to the head office in Cuttack half-yearly returns of all outstanding balances. These returns will show in detail the amounts due from each defaulter. They will be checked and compared in the head office, and then forwarded to the Deputy Superintendent in charge of the canal to which they refer, and he will, when on tour of inspection, ascertain by personal enquiry from the alleged defaulters, as noted in such balance sheet, whether the sums due from them have been realized or not.

Rule 3.—Whenever it may be found necessary to employ ameens and mohurirs for collection work, the following system will be adopted :—

(*a*) The tehsildar or officer in charge of the circle will remain at head-quarters.

(*b*) The ameens and mohurirs collecting money will remit once or twice a week all their collections to the tehsildar's cutcherry. These remittances will be accompanied by a challan showing in gross the amounts remitted—(1) under the head of water-rates, and (2) under miscellaneous, thus—

Miscellaneous	50	0	0

and all the counterfoils of receipts granted by the collecting officer.

For the sums so remitted the collecting officer will obtain a receipt from the tehsildar or officer in charge of the tehsil cutcherry, and these receipts will as heretofore be posted into collecting officer's "siha" below dates of remittance, sufficient space being left for the purpose. Collecting ameens and mohurirs will keep up detail "sihas" showing the particulars of all sums collected and remitted to the tehsil cutcherry, and at the close of each month will forward their "sihas" to the Deputy Superintendent in charge, procuring from him a receipt for their monthly "siha" in the subjoined form :—

(1) Dates between which collections noted in the "siha" were made.

(2) Name of collecting officer.

(3) Name of officer to whom collections were forwarded.
(4) Dates of receipt of such collections at tehsil cutcherry, with amounts received on each date.
(5) The Deputy Superintendent's certificate that all sums collected and forwarded by collecting officer have been duly acknowledged, and acknowledgments posted into the "siha."

The Deputy Superintendent's receipts will be kept by the collecting officers as vouchers in support of their work until such time as they may be called in by the Canal Revenue Superintendent. This will usually be when the total demands for the years to which such receipts refer have been finally closed.

Rule 4.—With the monthly "siha" and abstract statement of total demands and collections in his possession, the Deputy Superintendent will have ample information for enabling him to thoroughly check the tehsildar's accounts, and for taking all necessary action with regard to large and long-standing balances. He should periodically check the tehsildar's "siha," or No. IV Register, by comparing the entries in it with those in "ameen's" and mohurir's "sihas," marking off with a red pencil all items checked. By reference to the tehsildar's half-yearly balance sheets he will see at a glance whether the necessary processes have been issued or not, and by comparing it with the tehsildar's No. IV Register, should occasionally satisfy himself that amounts due on legal processes have been credited to Government. When on tour of inspection he should look into collecting officers' "sihas," and satisfy himself that they are properly kept up.

Rule 5.—Forms for tehsildar's, ameen's, and mohurir's "sihas" will be issued in detached sheets of Alipore Jail paper; each sheet will be numbered and initialled by the Deputy Superintendent. Printed forms of "half-yearly" balance statements will be issued for the use of tehsildars or other officers in charge of circles. All receipts and counterfoils issued from the head office will bear the initials of the head clerk or head mohurir, and each volume will be separately numbered and paged.
